

**fund.** The sum we propose to raise is \$30,000 that amount including the probable receipts for outage on tobacco this year, which is estimated by the treasurer at \$18,000 will make a fund sufficient to meet all the expenses of erecting the new ware house, and purchasing the ground adjoining. It is believed to be indispensable necessary that the ground proposed to be purchased, should be, for the security of the house now there, as well as the one to be erected. The estimate of the whole amount of cost of building the ware house and purchasing the lot is \$45,000.

We send you a bill carrying out those views, as a substitute for the resolutions heretofore sent.

By order,

George G. Brewer Clk.
