With the greatest respect

To Mr. Karmy.
Gentlemen.

Sir. Your Most humble Servant

We request you will immediately send to the Council of Safety at Annapolis what gun locks you have in your County belonging to the Province To the St Marys Committee.

Sir.

We are aworry to hear of the seizure of the vessels you mention in yours of the 7th. However we hope the report about Neill's schooner may not be true. As we may probably think of giving some further instructions to your Captain we shall take it as a favour if when he comes down you will accompany him.

We are &c

To Mr. Spear.

Gentlemen:

The Convention in consequence of the desire of the Congress had ordered three companies of our ^{their} minute men to march to the assistance of the Counties of Accomack and Northampton in Virginia. Two of them as we hear are already within their stations and you will see by the enclosed the reason why the other is prevented from complying with the order of the Convention. We need here it in our power without rendering this City and Baltimore Town entirely defenceless, with great readiness spare the arms wanted.

Since the rising of the Convention till Friday last we have not heard from the Eastern Shore - the communication having been cut off by the post. We send you the letters that you may know the state of the affair and if necessary apprise the Congress of it.

We are with respect
