

Sir.

We approve of your conduct in providing houses, bedding, fuel and utensils for your Company and inclose an order on the Treasury of the Estates there in your favour for £150 to disburse the expenses you have incurred in those matters and remitting your recruits. If that is not sufficient you shall be provided with a better sum. We are not yet supplied with arms and therefore cannot now furnish you, but will do so as soon as we are able. By the inclosed you will observe your Company is to be stationed at Prince's Town agreeable to the recommendation of the Committee of Observation of your County for which we thank them.

To Capt Greely.

Annapolis Saturday 12 o'clock at night.

Dear Sir.

Half past three o'clock this afternoon the Otter with the Tenders bore in sight. Half past four a flag was sent with a letter to the Governor a copy of which with his answer you have inclosed. He informed you last night that very little provision moved full to their share, this we conceive. We are well prepared to repel any attempts they may make to land. You will now have no occasion for Stricklers Company, therefore if you have ordered him to Baltimore Town countermand it. The President and Mr Gilpin we confided with two officers that attended the flag. They conjectured one of their busses was in great danger of being taken but that Capt Squires bore away to prevent great effusion of blood. But we conceive that he will loiter about until he is reinforced. We perceived a small vessel making down the bay not unlikely with intelligence to the King Fisher who the flag said might be expected to relieve the Otter, therefore you will be pleased to provide against the most. We cannot sufficiently commend those brave Sons of liberty who this day stood forth so gallantly in defence of their country. Be assured that we shall afford them every assistance in our power and are

D. C. Carroll Esq.

Yours affectionately
for order.

of Both from Committee.

In Council of Safety.

Sir.

Annapolis March 10th 1776.

Your Excellency will be pleased to inform Capt Squires that the time has been, when we should have thought it an honour and moved with pleasure have supplied any of his Majesty's ships with provision; and are still, not destitute of hope, at some time may yet come when we may enjoy that satisfaction.

We have always considered Capt Squires as a man of humanity and a good man and as such cannot account for the burning of a vessel in full view of the people of this City, as if meant to add insult to misfortune already too severely felt by the people of this Province, who were always attached to this Majesty and his family and who cannot be reproached for defending themselves against any invasion of their native and chartered rights. We are willing to believe and shall be glad of being convinced therein, that this act was not in consequence of any order from him.

We are much obliged to your Excellency for the pains you have taken to preserve the peace of this Province and beg that you will still exert your endeavours for the restoration of those happy days that we enjoyed under a constitutional dependence
