

Gentlemen, I have taken the deposition of nine men to satisfy your honours that I am clear of the false bill to my charge by a certain James Bosley which proves my innocency and also have sent you this proceeding of Joseph Bolton upon his own hands, how illegal they took his sheep and have sent his sheep to a child of Charles Gorsuch on his own plantation, and Gentlemen I could send you many others of the like but not to trouble your honours, I shall conclude with these few words that its very ill convenient for me to attend, at present hoping that your honours will be satisfied, if not I will come when weather will permit, and with due respect I shall be yours to serve
