N. 4 To Mr. Hugh Young.

Sir, We presume the first valuation of the schooner  
ninety two was regular and therefore conceive ourselves  
bound by it, without paying any regard to the subsequent  
proceedings of Leavath and Dugan, - the necessary  
repairs, which have been since made under your Agree-  
ment, ought to be added - we cannot now give orders  
to the schooner, and doubt very much whether she can  
sail at all, but of this will determine in a few days  
and apprise you, or in your absence the abovesaid gentle-  
men of it.
