

Panels of musket gun powder with all conveniences
sent to the Committee of Observation for Shipton
District, there to be lodged for their defence in case
of inferiority - we will replace them by returns of
the first riggers from below, and am
6th June 1776

L^d

N^o. 16 To Lieut^{nt} Mr. Harrington

Sir The Convention at their last sitting
agreed with Mr. Henry Hollingsworth for a
quantity of bayonets at Spack - as soon as
they are furnished, which, we imagine, will be
shortly, we will take care, that you shall be
supplied, and therefore would not have you contract
for any at a different price -

We are sorry you are so very disas-
tremely circumstanced, ^{with} as to the situation of
your station, as the smallness of your quarters;
