

No. 15. To Captain Isaac Vandenberg. *Baltimore*

Sir, By the Resolves of the Convention one thousand pounds were appropriated for the building one or more powder-mills. — five hundred pounds have been already drawn by a gentleman in Charles County named Stanfords upon his giving bond with security to erect a powder Mill, there remains 500 £ unappropriated, which you may have an order for, on complying with the Terms prescribed by the Convention

P.S. If any change be necessary about preparing the vessel — application must be made to Convention, we cannot give licence to the owners themselves to regain or oblige them so to do.

Wm an J

14th June 1776

No. 26 To ~~Isaac Vandenberg~~ Dugan

Sir, You will be pleased to deliver to George Handy, or his order, as many Barrels of Flour, as may be necessary for bearing the schooner Three Sisters, a vessel we have chartered to perform a voyage to the foreign West-Indies — should there not be enough in your hands, be pleased to apply
