

and four hundred pounds of Lead to be lodged with Messrs. Thomas  
Ringgold Aquila Brown and Dr. Ringgold for the use of the Tenth  
and that Captain Dean Company of the Flying Camp Militia  
should as soon as they could be armed, March down for your Protection  
We have wrote the Committee to provide Powder for the Company  
but as your recommendation of such as would answer the purpose,  
would probably expedite the Business, we think you had better  
make the proper enquiry and write us.

N<sup>o</sup>. 53. To The Commanding Officer, Saint Marks.

Sir,

We have received your Favour of yesterday and observed the Contents  
Some Powder and Ball we dispatched to you yesterday, and shall  
immediately send you four Feet Pieces &c. — You will receive by Mr.  
Hopwell three hundred Pounds according to your desire — You will  
Judge what additional number of the upper Militia may be necessary, and  
order them down. — It gives us concern to hear that Captain Beale  
is wounded, but hope it is not dangerous, and as we understand you  
have several Surgeons with you, trust he will soon do well.
