

No 96 To Brig: Genl: Chamberlain

As the State is in a particular favor, if you  
have an examination made of the Powder in your  
Magazine, I give us an acct as well of the number  
of Barrels of Powder, as musquets, if when we receive the  
acct, we shall take care to have a such regulation  
as will leave a suff<sup>t</sup> quantity of such kind to answer  
every Purpose - you must continue your strict  
guards over the Powder, until the place of Capt:  
Sherman's Company is supplied by a Flying Camp  
Company, when they will be raised, armed & equipped  
for that or any other purpose, you can ascertain full  
as well, if ask better, than we care, as to the number  
of men requisite for a guard, you must certainly  
be a more competent judge, than we are.

Yours  
Wm. A. G.
