No. 121. Deputee for Maryland in Congress

Sir We have been informed that Mr. Stewart,  
of Capt. Thomas's Company, has lately accepted  
a Commission from Congress in the marine service - if  
the fact is so, it must appear the Commission he  
holds under us, is upon a presumption of the truth of it,  
we have filled up the vacancy occasioned by the removal  
of promoted the other officers, I inclose the Commission  
to you to be delivered the several officers, if Mr.  
Stewart is removed, or return to us, if he is not.
