

Bounty money for raising a company of 100
in N. York County - we do not send the money
forward, because we think the Company ought
to be formed first, before that money is issued
Arms are to be borrowed, or improved; you are to
call a Meeting of Field Officers, and Captains on Mon-
day next by order of Convention; - when the necessary
provisions are completed, we will send down
Warrants of money for guns, or having the
Appraisements returned. We are &c.

No 194. Messrs Sup of Bowley
Gentle, we are told by ~~Mr. [unclear]~~
~~Mr. [unclear]~~, that you have before engaged to furnish
him with some Cadages for our armed vessels of
this time, but that you have not yet got any ready
for him; - we are in very great want of that
Article, and desire to be immediately informed,
you can supply him, that if it cannot be done
within a reasonable time at N. York, we may
endeavour to provide it some where else - Disappoint-
ment of this nature especially ought to be avoided, as the
consequences may prove very injurious.
