Rich: Peters Esq: Secretary of the Board of the

Sir, We are honoured by your favor of the 8<sup>th</sup> inst: and  
upon the strictest enquiry cannot find that any Indians of  
the Six Nations are detained in Maryland contrary to their  
inclinations — two or three strangers came, and joined the Nanticoke  
Indians some time ago, who still remain with them, satisfied and  
well treated. Therefore the fears cannot be founded in Truth,  
and we are sorry it should create any Uneasiness among the Indians.

In compliance with the Request of the Board of  
War, we inclose you a List of the Officers of Continental  
Troops raised in this State, with the Ranks, Dates of Commission  
and number of Privates. which upon examination we hope will be  
found right.

We send you inclosed a Bill of Lading for  
some Powder arrived in Captain Hill, at Baltimore Town, which  
we have requested Mr. Isaac Van Bibber to have taken care of,  
until you give orders about it. — The Bill of Lading, and  
Letter to Thomas Munford Esq: came under cover to us, by  
which we have to forward the same.
