

tunity, we wish you would suggest something of this sort
Congress - We are sorry to hear of the loss of that Washing-
ton, and the men, that were in Garrison there, many of them
I think will hunt us - we have not heard one word, only
from Congress, about the destination of the fleet, that left
Ferry - Block on the 13th - they are not bound, but probably
to Delaware, or Chesapeake Bays, or something would have
reached us ere now. - We write by this opportunity to General
Beath about the arms belonging to the Flying Camp, which
we leave open for your perusal, and if you think proper, be
pleased to forward it to him. - Capt. Curson suggested
some powder for this state to Philadelphia, which we have
heard nothing of lately, should the dispute about freight
ships remain unsettled, we think you had better leave it to
the others to put an end to it. - We have heretofore sent up
the Bill of Lading, that the Captain gave. -

We send three copies of
the forms of Government, one for the Gentlemen-Delegates,
one for our Commissioners, and one you will please to present to
J. Dickinson Esq.

We are obliged to Mr. Chase for his
favor of the 19th I wish to hear from you by every oppor-
tunity.

Nov: 22. 1756

We are &c

Brigadier Genl. Beath

We have heretofore wrote you about the
army
