

Major William Aug and others.

Genl. We would send the commissions you request, but there has been some change we apprehend in the Battalion, and some Officers are promoted. — there may have been deaths, or Resignations, which we know not of; we wish that Brigadier General Buchanan together with your Committee would be kind enough to send us down a State of the Battalion, note what changes there has been by Promotions, death, or otherwise, and who are proper to succeed, and then we will send up the commissions.

Sir; We are a good deal hurried to day in answering letters by the Post, and dispatching one of our wools. — we shall give you full opportunity to renew your contract on terms perhaps of more advantage than that of the last year. — should it not be renewed, we will take your Beef & Pork, at Jack a Pair, as you shall be no loser by.
