4 Kent High Schools Voting Requirement Change Accredited 2nd Time

All four of Kent's high schools—Rock Hall, Chester-town, Garnett and Galena have received official notification that their membership and accreditation by the Middle States Association of Colleges and Secondary Schools has been continued. The local schools were first accredited ten years ago.

The Kent schools are among the 1,261 accredited schools in the Middle States Association, an evaluating agency with member schools in New York, New Jersey, Pennsylvania, Maryland, Delaware, the District of Columbia, Puerto Rico, the Canal Zone, and the Virgin Islands. The Middle States Associa-

tion, one of six similar associations which together cover the United States, is an independent, voluntary organization of educational institutions. Its object is to encourage higher achievement and to facilitate the development of better working relations among highinstitutions, secondary schools and other educational agencies in the Middle States. Membership is open to qualified public and private schools, colleges and universities, and professional and specialized

H. Norman Grieb presented erty in the town who did not or the proposed charter and no precedent for such.

A query of Edward Collins adopting of the Charter. It first started a running debate with

The first statement of Mr. Collins was that some 1,600 apparent non-property owners could control town affairs. Mayor Haacke pointed out that many of these could be property owners who had not bothered to register previously.

The Mayor said the property qualification for voting was in essence a poll tax and that likely federal funds would be denied the town if such a requirement were retained. He further cited the Supreme Court "oneman-one-vote" opinion.

Capt. Harry H. Detringer said that the "one-man-onevote" edict of the Court could only be assumed to be a requirement since the Congress might legislate otherwise.

Attorney A. Parks Rasin who had helped adapt the model Home Rule Charter for Chestertown, stated that Aberdeen had just removed property ownership as a qualification for voting.

Thomas W. Eliason asked if it were true, in the event of a eferendum vote rejecting the charter, that it would be inoperative. Mayor Haacke said this was the case and that any part of the charter, or all of t, was subject to referendum.

To a further query of Mr. Eliason along the same line and concerning the budget, Mayor Haacke replied that if a budget were rejected by referendum vote, the same procedure for adoption would have to be repeated.

Sterling Townshend asked about separate assessments by the town. Mayor Haacke replied that it was the custom in practically all municipalities (Baltimore City excepted) to tucky, with a degree in journal- use county assessment figures, and to do otherwise would mean a duplication of effort.

Effective Sunday, May 16, there will be six districts when Bishop Lord assigns ministers at the close of the annual conference in Grace Methodist Church, Wilmington.

The all-Negro Delaware Annal Conference will meet in Tindley Temple, Philadelphia, in April to dissolve itself effective on the opening dates of the various white conferences which will absorb the Negro member-

Ministers and lay delegates of the then extinct Delaware Conferencet comprising Delaware and the Eastern of Virginia, will meet in Grace Church as voting delegates when the conference opens Thursday, May 13.

The new names to appear on the roster of district superintendents will be Chestertown Wilmington, Seaford. Dover, Easton and Salisbury remain the seats of superintendents, but the boundaries are drastically altered to keep the number of charges approximately equal in each district and, in the case of the Seaford District, to put all the shore resort churches under one superintendent.

The addition of 17,000 Negro members will bring the Peninsula Conference total to 101,-400. In addition, there will be more than 20,000 "preparatory

> Map Of New Methodist Districts, Page 11

members," those who are baptized but not confirmed. The church school member-

ship of the conference will rise from 71,880 to 83,880. Most of these also are church members. The conference will receive 80 Negro ministers and 195 churches to bring these totals

to 267 and 572 respectively.

At the Dover meeting of the steering committee, which has been preparing for the integration of the conferences, Bishop Lord reviewed the steps leading to Saturday's announce-

He recalled that both the Delaware and Peninsula Conferences last May voted to have districts with no more than 50 charges. There will be between

charge is a pastoral responsibility. It may be a circuit of as many as five small churches, or it could be one large church with three or four ministers.

Because some conference members are military chaplains, seminary professors and administrators, and because some churches have more than one minister, not all of the 347 ministers will have charges among the 571 churches.

Bishop Lord said the committee may some day consider reducing the number of districts to five, but this would require a he conference. He said county boundaries were followed as closely as possible in drawing district lines as well as

social, cultural and educational

"boundaries."

An effort was made to balance the districts in terms of size and type of churches and, as far as possible, in the num-

ber of appointments. As is the case in both the Delaware and Peninsula Conferences today, there are a few circuits which will have churches in two districts. However, the minister will be responsible

only to one superintendent. Members of the committee which planned the new dis-Reverend tricts were the Messrs. Howard Amoss, Hartwell Chandler, Jervis Cooke, Hooker Davis, James Elbert, Alton Miller, John Schockley, Walter Stanley and Richard Stazesky.
