HENRY R. TORBERT, OF CECIL COUNTY.

A Great Cry. The nomination of Mr. Torbert for Congress has caused a great deal of flutter among the Democrats in this Congressional District, judging from their newspaper artifested by the Denton Union. The Wilmington Commercial bites eagerly at these flies and a la New York Herald treats its readers to an exhaustive statement designed to exhibit the demoralized condition of the Republican party of the Eastern Shore, and the wide spread disaffection on account of the nomination of Mr. Torbert. Now, an investigation of the great disaffection which the Commercial hastened with such alacrity to endorse, can be counted on the fingers of one hand. As we said in our last issue, the Convention endorsed the nomination of Mr. Torbert by a unanimous was held last night, under the anspices of the Colored Democratic Association, of the Colored Democratic Associat to exhibit the demoralized condition of the alacrity to endorse, can be counted on the fingers of one hand. As we said in our last issue, the Convention endorsed the nomination of Mr. Torbert by a unanimous vote, with the exception of one delegate from Caroline, who did not vote for or against making the nomination unanimous; and who we learn has since mous; and who we learn has since president waters.

I gonery streets, which was comfortably filled, about one-half of those present, however, being while persons. An organization was effected by the election of the following officers: President, Jonathan Waters; Vice Presidents, Isaac Steward and Thomas Sorreit; Secretaries, N. Howland and Wm. Waters."

President Waters made the leading speech of the occasion, in which he edited serious. promised to support Mr. Torbert. Judge he will give him a hearty support in the canvass. And so have all the leading men of which the following extract will serve as on the 1st of October.

Senor Olozaga's recognition of the French as precimen: in Caroline county, which was looked upon a specimen: as the very citadel of the opposition. Mr. Torbert always had the masses of the lower counties in his favor, and everywhere,

ception was against him, from what cause, we cannot divine. In Wicomico no Primary Meetings were held, and consequently no delegates authorized by the people were sent to the Convention from that county.

The county, however, was represented in the Convention at Cambridge by the Internal Revenue officer and two other men, one of them colored, self elected and inone of them colored, self elected and inleast one more county from which Delegates were sent whose credentials were self costituted delegates from Wicomico .- at all.' And still another county where fifteen delegates were elected to cast three votes, and from which only three were present. In their effors to catch colored votes. from which only three were present. In all those cases of semi-irregularity, the vote of the counties were cast against Mr. Torbert. And in those countes the leading Republicans don't hesitate to maintain that the masses are overwhelmingly for Mr. Torbert as their choice. The little flurry that was excited by a newspaper article or two after the nomination, and the show of the capital their effors to catch colored votes.

We do not object to the Democracy organizing colored meetings and clubs, and applauding their hired colored orators.—This is a free country, and, as Fred Douglas puts it, in the National Era, "if any colored man does'nt desire to be a Republican, it is his privilege to the cable facetiously puts it, by way of Berlin.

Prussian accounts say that in the battle from which only three were present. In their effors to catch colored votes.

in this county seen the articles from the Commercial, and Union, and anonymous communications from the Easton Gazette, paraded with a flourish of trumpets in the Democrat organs, which led them to suppose that something was terribly out of ber, you would hear nothing of the Orleans Rail-percut. The whole object is to get your votes because they think they can't get the colored votes. A plan is maturing in Germany for a new confederation, to be called the Nord Deutschebund. It would be well for "leading" Republican papers to at least inform themselves before committing the grave error of publishing articles which are made use of but the ribal organization and use of the publishing articles which are made use of publishing articles which are made by the rebel organs as campaign documents. in the county, but the way is not so clear. The Cecil Democrat after making the above use of the Commercial's article, compliments that journal in the following style:

"The dictum of the Wilmington Com-mercial, who by dint of such audacity as only Radicalism can manifest has asserted itself and come to be acknowledged as special carekeeper of the Radical conscience in the entire peninsula, has pronounced against Mr. Torbert's claims, and more than hints that party success can only be obtained by his withdrawal.

Georgia State Fair.

Georgia has always laid claim to be the Empire State of the South, and she seems since the war to be more ambitious to retain that distinction than ever. The efforts which her State Agricultural Society are putting forth in the way of preparations for the Sixteenth Annual Exhibition, to be held in Oglethorpe Park, two miles from the city of Atlanta, rivals the spirit and enterprise displayed by the citizens of New York or Chicago, when they have determined upon a "big thing."

In order to work up to the full measure of the broad principles embodied in this resolution, the officers of the Western & Atlantic Railroad have sent out agents, who will visit every prominent city from Augusta, Maine, to San Francisco, Califorcians of the difference of the work of the country, to spend a third more in the adversarial spends of the difference of the work of the country, to spend a third more in the adversarial spends of the country, to spend a third more in the adversarial spends of the country, to spend a third more in the adversarial spends of the country, to spend a third more in that was in full power in this country under President Buchanan spent for the objects embraced in this schedule something over seventy millions per annum in gold—an equivalent in paper to-day of eighty-five millions of dollars. The population of the country was then less than thirty millions. The details of expenditure in the two periods will also show immensely in favor of President Grant's economy. Under President Buchana the army consisted of nine-term regiments. The details of the control of the contr dent Buchanan the army consisted of nine-teen regiments, the maintenance of which cost for the four years of the administra-tion an average of over twenty-one millions each year—more than a million dollars per annum in gold, or about thirteen hundred thousand dollars in the paper money of to-day for each regiment. The army at pres-ent consists of forty regiments, yet its whole maintenance for the year costs but twenty-nine millions of dollars, a trifle over syen hundred thousand dollars in

I have selected the Army merely because comparison in that branch of the public service is easy and the result palpable.—
The rame statement is true in all the other personners of the Government and lifeties. Departments of the Government, and if the limits I have assigned to this letter per-nitted it, I could readily demonstrate that under Republican administration the nasevere economy and strict accountability is all the more praiseworthy and honorable.
