famous trotting horse "Cecil" to Thos. B.
Marrett and Harry D. M. Howard, for \$2,000. Cecil can make his mile in two minutes and forty seconds, easily, and judges believe that next Summer he will be able to make it in 2.30. Cecil is an Eastern Shore horse, and is the fastest animal ever raised on this Peninsula, and the only one that ever sold for \$2,000. His present owners ask \$5,000 for him. The horse is just coming into maturity, and is perfectly sound in every respect.

"The Age and the Man for It."—Rev A. A. Willetts will lecture at the Hall, in this town on Thursday evening next, 27th Inst. His subject, which heads this notice, is full of interest, and contains the elements of a first-class lecture; and as Willetts is a first-

st-class lecture; and as Willetts is a firstclass lecturer, and every person in Elkton knows it, we have no doubt the Hall will be packed. Price of admission for single ticket 50 cents, or three for a dollar. Children 25 cents. Persons living in the country who have never heard the brilliant lecturer, would be well rewarded for the trouble of coming in to attend the lecture on that evening.

Blind Tom .- This greatest musical prodigy of the age; the most marvelous musical genius living; the wonderful negro boy pianist, Blind Tom, will give a concert at the Odd Fellows' Hall, in Elkton, on Tuesday evening, November 1st.

Blind Tom is the musical mystery of the nineteenth century. This youth is a remarkable phenomenon in one direction only, viz., his wonderful power as pianist. In this respect he is indeed a prodigy, and thousands before whom he has had the honor of appearing, have expressed the most unbounded satisfaction and delight. This wonder of the musical world is the son of ordinary southern field hands, having been born in Georgia, and without education or musical training, sustains the reputation of composer and musician, equaled only by the first masters. He plays the most difficult Operatic Pieces, brilliantly and beautifully, and with all the taste, expression and feeling of the most Distinguished Artists. Tom is considered to surpass everything hitherto known in the world as a musical phenomenon. Go and hear him.

Admission, 50 cents; Reserved Seats, 75 cents, doors open at 7 o'clock; performance commence at 8.

For The Cecil Whig. Farmers' Club.

Mr. Ewing:-It has for some time been a subject of astonishment to me why the farmers of Cecil county have not organized a Farmers' Club. Do they not know the profits and benefits accruing from such a step? Perhaps not. As they are now, they (all the farmers) are a class of hardworking men, one pulling against the other, without any system with regards to their sale of crops; all they seem to care for is to get their crops into a market, and for such crops to give them, as a reward for their hard toil, just what a close-fisted consumer, or duplicious commission merchant chooses to send them. Now do they not see that every other trade, profession, and business has its associations, societies, clubs or protective unions; what are they for? why to regulate the prices for their wares or services, and when a person steps into a doctor's office to get advice and a remedy for a disease, and asks his price, should be deem it too high he has but to try another M. D. and find it the same-for both belong to a protective union.

Not so with the farmer, one asks one price, another asks another, and hence, as a natural consequence the prices are never fixed.

Now, Mr. Ewing, if you think there is any prospect of organizing a "Farmers' Club" in our county,-which I hope there is-you would do a favor to many of your readers if you would agitate the subject in your columns.

Should any of the readers think it advisable to form such an organization as this, they might confer with the editor,

The design of this Convention is to conso'idate, instruct, and inspire our Methodism on this Peninsula. Let us take hold of the Convention with sanctified enthusiasm, and resolve that with the Divine blessing it shall be a signal success.

It is nearly half a century since this remarkable remely was introduced to the public, and yet the immediate and entiable repetation which it gained by its wooderful cures of coughs, codds, who oping cough, sore threat, influenze, consumption, and all bronchial complaints, is to this day fully sustained.
