LOCAL AFFAIRS.

Local Miscellany.—The Elkton Building Society meets to-night.

Rev. A. S. Vaughan will preach in the M. E. Church to morrow morning. Friz Evans has established a new industry in Elkton. Farmers might profit by

his example. The Town Commissioners of our peaceful burrough have posted the notice of Town Ordinance concerning hogs and geese running at large. Since the appearance of invisible.

The total loss of the Cecil Fire Insurance Company, by the recent fire in Denton, was

\$2,375. Rev. B. F. Price, of the Elkton M. E. Church, left for Conference, on Tuesday evening. Mr. P. having been here for two years, the question that apparently interests the Methodists most, is, "Who'll be our next minister?" Mr. C. W. Maxwell is having the debris rupt laws, cannot recover for a loss, by fire,

of the property recently purchased by him, on Main street, hauled away, preparatory to building. A large advertisement once, and then

discontinued, creates the impression that the man has fizzled.

B. was formerly of Frenchtown, this co. About 4 P. M., on Tuesday last, a field of grass, adjoining the railroad, belonging to Hon. Hiram McCullough, was set on fire by a spark from a passing locomotive. A gentle breeze fanning the flames, they soon reached the fencing, and were rapidly gaining an adjacent wheat field, when, after considerable exertion, they were extinguished. The damage was slight. 'Tis useless to cry "Westward, Ho!" to

the Elkton Colony, as they have not yet taken one step toward the setting sun. Elkton has three colored clerks, employed by three of the first mercantile houses in the town. Two of the three

clerks are young and sprightly youths of about 60 or 70 years of age, whilst the other (in his movements and manner) is an old man of 21! Prof. Reardon is operating in Somerset.

Coal is selling here at \$10 per ton. This is much "for high."

Judging from the great number of buds now visible, we might suppose that the population of Elkton had greatly increased. The ball at the Odd Fellows' Hall, in this town, on Tuesday night last, was a financial success, but what, in the country, is termed a "stag dance," there being but four ladies to a large company of gentle-

The concert and tableaux, held in the place, were pronounced, by the colored folks, a great success. The musical part to minister to that gastronomist, man. of the affair, was directed by Prof. Thomas. Smith & Co., machinists, Elkton, renew their advertisement this week. All in call on them, who are practical machinists, and will give satisfaction. The Messrs. Smith are quietly building up a very valuable industry at this place.

Mr. W. W. Nickle, of Port Deposit, the old and long established carriage manufacturer of that town, is determinined to push things at last, and this week takes a new departure in trade, by advertising his business through The Whig. Everybody goes to the papers, now-a-days, to find who has business is that of buying and selling .-Mr. Nicles' long location in the same spot, is a guarantee for the superior quality of

his work. Legal arguments were made before the matter of taking the will of Mrs. Henry H. Magraw into the Circuit Court. Messrs. Fernandis, for defendant. The Judges of the Orphans' Court hold the case under advisement till Tuesday next.

Work has been again resumed in Carter's chrome mine, after a suspension of two years. It is to be worked by part of the old company. This mine adjoins Tyson's mines, in Little Britain township, Lancaster county. Pa.

Herrings have been supplied us this week. A flock of wild geese, nineteen in number, passed over the town, in an easterly direction, on Thursday evening last.

Messrs. C. W. Maxwell and W. G. Purnell, of this town, went down the river, on a ducking expedition, on Wednesday of last week, returning on Thursday, bringing with them 132 ducks, as the result of their shooting.

The March term of Court will convene on the 20th inst.

Presbyterian Church-Rev. E. B. Bruen, of Philadelphia, will preach in the Presbyterian Church, to-morrow, Sabbath, at 104 A. M., and 7] P. M. There will also be service this evening at 71 o'clock. Preaching by Mr. Bruen.

Delegates Elected .- The following delegates were elected, by Elkton Lodge, No. 73, I. O. of Good Templars, to attend the Cecil County Temperance Convention, to | share. be held at North East, on next Tuesday, 14th instant:-George W. Ash, J. J. Davis, Joanna Sloan, Anna P. Ash. Alternates, F. W. Davis, H. F. Walker, Mary King, R. A. Jaquette.

Postponed Lecture. The lecture advertised to be delivered by Grace Greenwood, in Elkton on Monday evening last, had to at Dover, being attended by our minister. be postponed on account of sickness. A despatch was received on Saturday evening killed by Mr. Harvey Reeder, of this neighstating Mrs. Lippencot was suffering from severe illness, and in consequence would be unable to fulfill her engagement to lecture here on the evening appointed. When the lecture will take place has not been

lough, Esq., as Assignce, the Elk Iron Works property, at the Court House, on Tuesday, 14th inst.

Mr. Adam R. Magraw, Administrator, largest lot of thorough-bred stock ever advertised in Cecil, at West Notingham, Thursday, 16th inst. William and Thomas Harvey, on the

farm of the late Andrew Harvey, stock and farming utensils, on the same day as above. Mr. Otho Nowland, at Bay View, stock, farm implements and Household goods, on Monday, 13th inst.

Scott & Addison, on old Octoraro Forge property, near Rising Sun, superior mules, wagons and farm unplements, valuable mill and bending machinery, Friday, 17th. Elijah Reynolds, at Port Deposit, valuable real estate, Saturday, 18th inst.

Samuel C. Smith, S. B. Foard, and Dr. Mitchell, in the Second District, stock and farm implements, Wednesday, 15th inst. James A. Camblin and Edward F. Biddle, on the Ash farm, stock and farm implements, Saturday, (to-day) 11th inst.

The state of the s

Graduated .- Dr. R. F. Tull graduated, last week, at the Pennsylvania Dental College, with the highest honors of his class, who wishes to learn dentistry, to fill the place now vacant at Dr. Musgrove's.

Decision of an Important Case.-The case of Peter S. Reynolds vs. The Mutual are named. On Wednesday, herring were Fire Insurance Company of Cecil County, caught along the wharves in dip nets. Our has recently been decided in the Court of fishers are preparing for the piscatorial Appeals.

The defence made by the Company was that Reynolds had been discharged, from all his contracts and liabilities, by the Insolvent Laws of Maryland, and that his the streets. Heretofore they have been this between the streets. Heretofore they have been this between the streets and that his between the streets are the streets and that his between the streets are the streets and that his between the streets are the streets are the streets. nolds was not bound to contribute to pay the losses of other members of the Company, the Company was not bound to pay his losses. Judge Grason delivered the School Teachers had their monthly meetopinion in the Court of Appeals, and sustained this view of the case. It is, there. ing. The exercises were very interesting. fore, now settled law, that a party insured | The question, "Should education be comin a purely mutual Company, and who is pulsory?" was discussed and continued to discharged from the obligation of his premium note, under the Insolvent or Bank-

the renewal, of the premium note. The case was tried in the Cecil Court, in January, 1868. James T. McCullough, Hiram McCullough and Archer for Reynolds, and Evans and Jones for Company. Buchanan is one of the most courteous In the Court of Appeals, the case was agitation brings truth to the surface. He and Jones for Company.

> Spring is coming,-in fact, it is here. The water fowl are taking their flight to finely rendered, and the fair lady warmly the ice-bound regions; the blue-birds are congratulated. The Association is increaswarbling their soft notes, while they enjoy ing in interest. the rays of the morning sun, perched about our yards, and the sharp, crisp note of the black-bird, as he wings his flight above the such pleasant shade when Sol rages, and ting out their red buds, and bees come forth from their waxen cells to seek the honey dews, distilled by the genial warmth of early Spring. The brooks, too, have lost their icy sparkle, and taken on a deeper tint, as they lave the tender green, and early flowers that hasten to clothe the she would never believe that she died there. banks, where lately the frost king held his forth its delicate blossoms under the shel-

"Heaped in the hollows of the groves." Turning aside from poesy and nature, the bray of the fish vender's horn tells us that the finny tribes, feeling the pulsation of Spring down among the rocks and caves of old ocean, have come up from the depths of the sea to the rivers, where the fisher-First African Methodist Church, of this man, laying in wait, has east his nets and drew them out of their natural element,

The farmer is already driving afield his plow, filled with hope of a rich reward for his toil, when the sheen of golden harvest want of machine work, would do well to gladdens the Autumn landscape, and the gardener is putting his beds in order to receive the plants and seeds which are to claim his unremitting care through the ong burning days of Summer. These and a thousand other things start into new life and activity with the advance of Spring.

ZION ITEMS.

The Fair.-Fairs, like all other interesting things, must eventually be past and what they want, and the man who does not done, and so it has proved with ours at make his business known to the public Zion. It opened on Wednesday morning, through the avenue which has been chosen with a goodly array of pretty things, and by the public, to seek its information, will closed on Friday evening. The proceeds surely fall behind in the race of life, if his amounted to one thousand dollars, with a net gain of something over seven hundred dollars. A handsome affghan was drawn by Mr. Abel Mearns, the money voted on it being one hundred and ninety dollars. Mr. George W. Cameron was the lucky Orphans' Court, on Wednesday last, in the candidate for a wagon, and Mr. A. Goodno was equally fortunate in winning a miniature horse. Two handsome dressing gowns were presented, one to Dr. Hopkins and the plaintiffs, and H. W. Archer and H. the other to Mr. Potter. Space prevents the enumeration of all things interesting, but we tender our thanks to an appreciative community for their liberal patronage.

Apology .- Dr. Hopkins will please accept my apology for thus summarily dispensing with his services, and attribute the mistake to my informant rather than myself. Literary.-We notice a contribution to

our literature in the advent of the Rising Sun among us, and in duty bound, feel like wishing it success. Going .- Messrs. Carhart and Smith are

laboring under a half-formed intention to leave Cecil for a more ixtended field of labor in the capital, but as yet are undecided, regarding the utility of so doing.

Personal .- Mr. Widdoes, our polite stage driver, of B. M. House, leaves that place on Monday, for Philadelphia. Mr. Ruley, so our knowing community announces intends taking possession of the building now used as the M. E. parsonage, as soon and 3d inst., was a grand success. It was as it is vacated by the present tenant. Mr. Otho Noland has been appointed agent at Charlestown, and will soon enter upon his new field of labor. Mr. Mahoney intends moving upon his farm. Mrs. Ricards and family have deserted their residence to Bay View.

Changes .- Spring usually brings many changes, and 1871 will, I presume, have its

Morals.-Can any village of equal size give better evidence of the purity of its religious services have been attended with morals, than do the two weekly prayermeetings, and well attended Bible class of ours? Religious .- Our pulpit will be vacant on

Sunday, owing to Conference, now in ses-Extremely Large.-Two porkers were borhood, weighing respectively 610 and 548 pounds.

CHESAPEAKE CITY ITEMS.

Hotel Keeping .- Capt. F. Layman has eased the Manor House, in this town, and Public Sales Next Week .- J. T. McCulis having it repaired, and intends to commence business about the 25th of March. Fight .- A fight occurred at a dance party, in this town, one night last week,

which caused quite an excitement, and resulted in the expulsion of one of the Spring-like. participants. Legal whiskey was the cause Wanted-for the benefit of the public, a railroad from Elkton to Middletown, to run within a short distance of Chesapeake Mt. Pleasant with some success.

City, with a depot near by. Correction .- Mrs. Joseph H. Brooks, is the regular elected delegate to the Temperance Convention, instead of Mary E. Johnson, as reported in the items last week. Anniversary .- Chesapeake Lodge, I. O.

G. T., celebrated their second anniversary, J. E. and W. W. Reynolds, Executors of on Wednesday evening last. The exercises consisted of speaking, reading and singing, &c., after which the members partook of

refreshments prepared by the ladies of the

His farm pays-he makes it pay-by always attending to his

FOURTH DISTRICT ITEMS.

Sale of a Store House .- Benj. C. Cowan has sold his store and two acres of land to James Armstrong, of Newark, Del., for \$1,200. This store has been occupied by Messrs. Scott & Martindell, for several years, but we understand that Mr. Martindell has sold out his share to David Devlin, and intends removing to a farm near the Brick Meeting House.

Traded Farms .- Mr. Gross, near the Fox Chase, has traded his farm for Wm. Waid's Mr. Waid giving \$3,000 to boot.

Concert.-Kimble's Cornet Band gave a Concert, on Wednesday evening, March lst, which proved to be a very creditable affair. The audience were kept laughing from the beginning to the close.

Deaths .- Suddenly, on Tuesday morning, same day, after a lingering illness, John son of William J. and Mary Gallaher, aged gains, go and get them. 4 months. On the 4th inst., of pneumonia, lary, wife of Wm. J. Gallaher, aged 45. from 40 to 70 cents per gallon.

Wheat .- The wheat in this District never resented a finer appearance at this season of the year, than it does at this time.

is supposed that McKane's died of botts.

Paralytic Stroke .- Archibald Montgomery received a paralytic stroke in his left side, last Sunday morning, and is now living in a very critical condition. lying in a very critical condition.

Dairying .- Several farmers in the eastern part of the District are buying cows, preparatory to starting the milk business, about the first of May. They have engaged their milk to Mr. Woodrow, near Newark, Del., who intends to have a cheese factory finished by that time, with power to manufacture into cheese the milk of one hun-

lred cows. Farming .- The farmers are again at the plow, the few warm days of the past week having put the ground in very good condi-

tion for tilling.

Improvements.—W. Paul has commenced building a barn 35 by 40 feet, which, when finished, will greatly improve his property.

How to Pay for Your Paper—by calling at DIENNEN & Bro.'s Great Central and buying a bill of his new Goods at the lowest prices bought for the cash. tion for tilling. finished, will greatly improve his property. Fair and Festical .- The Fair and Festival at St. John's M. E. Church, on the 2d got up in about three weeks; net proceeds

Moving Home .- Richard Blackson having tired of city life, is moving back to his farm again.

CECILTON ITEMS.

Close of the Meeting .- The extra meeting, which has been in progress for the past eight weeks, in the Cecilton M. E. Church, was closed on last Sunday evening. These more success than similar meetings for several years provious. Rev. Mr. O'Brien, who has been in charge at the Cecilton and Johntown Churches for three years, preached his farewell sermon on Sunday last, at these churches.

Con Killed .- On Sunday last, a valuable cow, the property of Nicholas P. Lloyd, was killed by the falling of a shed.

COLORA ITEMS.

-The Bone Mill at Colora has resumed operations, but would have been making a noise before, but for a lot of wet bones that were offered the machine that it refused to take and the owner had to send for dry ones. -The winds are drying up the roads,

farmers plowing, and every thing looks -Robert Nesbit is putting up a new

barn, near Mt. Pleasant. -Protracted meeting is now going on at

PILOT TOWN ITEMS.

The Ricer .- The river is in rafting order. Two rafts passed down to Port. In blasting, above Frazier's, there has been three large rocks thrown in the course, which will prove a serious obstacle in rafting, until they are removed-which will be done as soon as the water falls. I understand a large business is expected this Spring, in timber. The Winter has been favorable for getting out timber. Fire.-Mr. A. Lewis' store, at Pleasant

Grove, Pa., caught fire from a stove .--[M11-5 | Damage slight.

NORTH EAST ITEMS.

Fresh Fah.—Our market is being well Deafness, Blindness & Cafarrh. supplied with fresh-fish, such as pike, sun-tish, yellow-neds, &c., at from 20 to 50 cts., discusses of the EVE, EAR, or CATAKRH will be seien.

North East river. day of unusual interest in the Methodist MYSTIC WATER FROM DAVID'S WELL day of unusual interest in the Methodist Episcopal Church, in this place, being the final occasion in which Pastor Poulson should fill the pulpit of said Church. Cheering Facts for the Bilious. Every day demonstrates more clearly that liver com-plaint, in all its distressing forms, can be controlled and cured without difficulty or inconvenience. It is an obstinate disease, but its obstinacy is not proof against the pertinacious, remedial and restorative operation of Hostetter's Stomach Bitters. That genial, corrective compels the organ to do its duty. It must secreic regu-larly and healthfully under the influence of the Bitters. Their action brings it back from a state of rebellion into perfect harmony with the laws of health. If there is costiveness, it disappears; if there is side-ache of back-ache, it ceases; if the skin and the whites of the natural hue; if the appetite is gone, it returns; if the digestion is impaired, it is restored; in brief, whatever the symptoms of the complaint may be, and whatever the phase it has assumed, a cure is certain. Such are the uniform effects of this preparation where billions disease has been already developed; but in cases where there is merely a constitutional tendency to liver com-plaint, it may be prevented throughout life by the regu-lar use, in small quantities, of this palatable antidote. These are proven facts, and should be seriously pondered

or, rather, they should be promptly acted upon-by CLEAR AND HARMLESS AS WATER.

all persons of bilious habits.

Nattan's Crystal Discovery for the Hair.

Nation's Crysial Discovery for the Hall'. A perfectly clear preparation, in one bottle, casily applied as acuter for restoring to gray Hair its natural color and youthful appearance; to eradicate and present dandruff; to promote the growth of the Hair and stop its falling.

It is extrict harmless and effective treet from any poisonous substance, and will, therefore, take the place of all the dirty and unjeasant preparations now in use. Numerous testimonials have been sent up from many of our most prominent citizens, some of which are subjoined; in everything in which the styless now in use are objectionable, Carvat. Discovery is perfect; it is warranted to contain neither Sugar of Lead, Sulphur or Nitrate of Silver. Clear and clean as water, it does not soil the clothes or scalp; it is agreeably perfumed, and makes one of the leaf dressings for the hair in use; it restores the color of the hair more perfectly in the properties of the hair with all the nontriching qualities necessary to its growth and healthy condition, it restores the decay and induces a new growth of the hair more positively than anything else. The application of this wonderful discovery also produces a pleasant and cooling effect with each of the hair and the scalp, and gives the hair a pleasant and elegant appearance.

Mr. Arthua Natians.—Dear Sir: I do not hesitate to say that your Crystal Discovery deserves to supercel-all other preparations claiming to restore the growth and color of the hair. I have used it a week, now, and ny hair has already resumed its natural shade, and he cased falling almost entirely. I cheerfully recomment.

Respectfully, MRS. ANNIE MOURAIN.

Og-We call special attention to the fact that a limited number of trial lottles will be given away gratuitously to those wishing to try. You will notice that in pursuing this course, our aim is to consince by the actual morits of the article.

CONSUMPTION. ITS CURE AND ITS PREVENTIVE. BY J. H. SCHENCK, M. D.

Many a human being has possed away, for whose death there was no other reason than the neglect of known and indeputably proven means of care. Those mean and dear to family and friends are sleeping the dreamless slumder into which, had they caluly adopted DR. JOSEPH H. SCHIENCE'S SIMPLE TREATMENT and availed themselves of his wonderfully officacious medicines they would not have follow.

Br. Schenick has in his own case proved that wherever suchcions that it remains, that stability, by his medicines and this directions for their use, is epickemed into health follyigor.

ful vigor.

In this statement there is nothing presumptuous. To In this statement there is nothing presumposes, the faith of the invails is mode no representation that is not a thousand times substantiated by fiving and visible works. The theory of the cure by Dr. Schunck's medicines is as simple as it is unfailing. Its philosophy requires no argument. It is self-souring, self-couniering. The Sonweel Tonic and Mandrake Pills are the first two weapons with which the citated of the madely is assiled. Two-thirds of the cases of consumption originate in dyspessia and a functionally disordered liver—with this condition the broachid tubes "sympathize" with this stoppish and a functionally disordered liver—with the stoppish and a functionally disordered liver—with the stoppish and a functional to the morbids action of the liver. Here then comes the culminating result, and the setting in with all its distressing symptoms of

CONSUMPTION.

The Mandrake Pills are composed of one of Nature's noblest gifts—the Polophillum Peltatum. They peaces all the blood-warthing, alterative properties of calomel, but unlike calomel, they "LEAVE NO STING BEHIND." The work of turn is now beginning. The vittated and remains deposits in the lowest and in the alimentary canal are ejected. The liver like a clock is weind up.— It arouses from its topicity. The stomath acts respon-sively, and the patient begins to feel that he is getting

The Seaweed Tonic, in conjuction with the Pills, permeates and assimilates with the fost. Chylification is now progressing without its previous tortures. Digestion becomes painters, and the ture is seen to be at hand. There is no more datulence, no exacerbation of the stomach. An aspettic sets in.

Now comes the greatest Blood Purifier every yet given by an indulgent Father to suffering man. Schenck's Palmonic Syrup comes in to perform its functions and to hasten and complete the sure. It enters at once upon its work. Nature cannot be cheated. It collects and tippen the impured and diseased portions of the lung. In the form of gatherings it prepares them for expectation, and lod in a very short time the midally is vanquiched, the rotten through it excepted in the removated and mech new, and the patient, in all the dignity of regained vigor steps forth to cupicy the manhood or womanhood that was A Supply of Good Blood.

GIVEN UP AS LOST.

signs steps form to exply the manness of womanhood that was

GIVFIN UP AS LOST.

The second thing is, the patients must stay in a warm room until they get well; it is almost impossible to present taking cold when the lungs are discussed, but it must be presented, one that it is almost impossible to present taking cold when the lungs are discussed, but it must be presented, but it must be presented, and it is a section of the country in the fall of winder easien, are all wrong. Physically in the fall of winder easien, are all wrong. Physical trips are body discussed, and yet, because they are with lungs are body discussed, and yet, because they are with lungs are body discussed, and yet, because they are with lungs are body discussed, and yet, because they are with lungs are body discussed, and yet, because they are with lungs are body discussed, and yet, because they are with lungs are body discussed, and yet is good circulation of blood. The patients must keep in good circulation of blood. The patients must keep in good with the appetite, and is the great point to gain.

To despair of cure after such extlence of its possibility in the worst cases, and moral certainty in all others, is similar. By Schenck's personal statement to the Faculty of biscown cure was in those molect words:

Many voras ago I was in these molect words:

Many voras ago I was in the last stages of consumption; contined to my bed, and at one time my physician thought that I could not live a week; then like a drowning man catching at straws, I heard of sudobtaining the preparations which I now offer to the public, and they made a perfect cure of me, It seemed to me that I could feel them penetrate may whole system. They soon ripe sell the natter on my lungs, and I would spit up about than a pint of offensive yellow matter every morning for a long time.

"As soon as that began to subside, my cough, fever, pain and night sweats all began to leave me, and my appetite because to great that it was with great affinedly that I could keep from eat
