LOCAL AFFAIRS.

Personal.-Ex-Assist. Postmaster, General George Earle has been in town this week. His numerous friends in this county will be pleased to learn that he is looking remarkably well.

Parsonage Reception.-The Reception at the new M. E. Parsonage at Zion, in this county, will take place, next Wednesday evening, the 19th instant, beginning at 7 o'clock. Everybody is invited to be present. A good time is anticipated.

Salled for Europe.-Mr. Marks Lieberman, who has been a very successful dealer in ready made clothing, in this town, for a number of years, sailed for Bovaria on Wednesday last on a two months' visit to his native home, his parents, brothers and sisters whom he has not seen for fifteen years. We wish him a pleasant voyage and visit to Faderland and safe return.

Fine Cabbage.-Mr. Henry Bell, our model Elkton trucker, presented us with one of the most perfect heads of cabbage that we ever saw. The head weighed 9 pounds and measured 20x25 inches in circumference. There are many larger heads raised, but for solid, compact form, and smooth evenly fold of the leaves we have variety was of the late drumhead.

Struck by Lightning .- The barn and contents, and wheat stacks of Mr. Hichard Cann, residing about half a mile south of Glasgow, Del., were destroyed by fire on Tuesday evening last. The premises are supposed to have been struck by lightning. He had just gathered in his entire harvest, there was any insurance on the property.

Fair and Festival .- A grand Fair and Festival is to be held in the new Ebenezer Methodist Episcopal Church, on Zion Cir-Refreshments of all sorts will be on hand in abundance. Dinner each day at 50 cts., price. A great many useful and fancy articles will be exposed for sale. The house will be opened at 9 o'clock, A. M., and closed at 10 o'clock, r. M.

Select Readings and Concert .- There the ground. will be an entertainment, consisting of Select Readings and Vocal and Instrumental Music, in Zion Methodist Episcopal Church, in this county, on Thursday evening, the 20th inst., for the benefit of said Church. The Reading will be by the Pastor, Rev. Thos. L. Poulson, while the Music will be furnished by Profs. Sanders and Robinson, of Baltimore, and others .-Price of admission 25 cents. There will also be a supply of excellent Ice Cream on hand at Reasonable rates.

Nottingham Mass Meeting .- One mile North of the Mason and Dixon line, on the P. & B. C. R. R., is a thriving village called Nottingham Station. At this place, for several years past, the Good Templars Albert Constable, Esq., trustee. of Cecil, Lancaster and Chester counties Parade. Her talents are only equalled by her retiring modesty which shrinks from the public gaze, and induces her to withhold the writer's name from her published pro-

Incendiarism .- On Saturday night last, about 12 o'clock, a fire was discovered in the lumber yard of Mr. William McCrery, by Mr. Lewis Buchanan, who was on his way home from town. He immediately gave the alarm, which waked Messrs. Hill and Alexander, who ran out to the spot where the blaze was shooting its forked tongues up, and with a few buckets of water succeeded in quenching the devouring element before damage to any extent was done. A broken coal oil bottle and a Baltimore American were found at the place and some remains of the coal oil which had been made use of to start the fire. Fortunately the fire had been kindled to a pile of green fencing boards, that were piled close without sticking, and consequently did not make rapid head-way, and being early discovered was easily put out. The tracks of the incendiary were traced his shoe taken.

The Lumber yard is at the East end of token of the regard of the Board, for her town, and was recently purchased by Mr. McCrery of Hill & Alexander. BY J. H. SCHENCK, M. D.

Many a human being has passed away, for whose DR. JOSEPH H. SCHENCK'S SIMPLE WILMINGTON. DELAWARE TREATMENT

and availed themselves of his wonderfully efficacious medicines they would not have fallen. Dr. Schenck has in his own case proved that wherever sufficient vitality remains, that vitality, by his medicines and his directions for their use, is quickened into health-

and his directions for their use, is quickened into healthful vices.

In it statement there is nothing presumptuous. To the faith of the invalid is made no representation that is not a thousand times substantiated by living and visible works. The theory of the cure by Dr. Schneck's medicines is as simple as it is unfailing. Its philosophy requires no argument. It is self-assuring, self-convincing. The See-west Toule and Mandrake Pills are the first two weapons with which the clindel of the malady is assailed. Two-thirds of the cases of consumption originate in dyspepsis and a functionally disordered lives. With this condition the broachial tubes "sympathies" with the stomach. They respond to the morbidic action of the liver. Here then comes the culminating result, and the setting in with all its distressing symptoms of CONSUMPTION.

The Mandrake Pills are composed of one of Nature's noblect gifts—the Podophillum Peltatum. They possess all the blood-searching, alterative properties of calomel, but unlike calomel, they "LEAVE NO STING BEHIND."

A Supply of Good Blood.

The Seawred Tonic, in conjuction with the Pills, permetter and assimilates with the food. Chyllication is now progressing without its previous tortures. Digestion secones paintees, and the cure is seen to be at hard. There is no more flatulence, no exacertation of the stomach. An appetite seet in.

Now comes the greatest Blood Purifier ever yet given by an includent Father to suffering man. Schenck's Pulmonic Syrup comes in to perform its functions and to hasten and complete the cure. If entered one upon its work. Nature cannot be cheated. It collects and ripers the impaired and diseased perform of the languished, the retirent through the product of the languished, the retirent through its removated and made new, and the potient, in all the dignity of regained that was

The account thing is, the patients must stay in a warm room until they get well; it is about impossible to prevent taking void when the lungs are discussed, but it must be presented to great the second tracking or dealers in the lungs are discussed, but it must be presented, or a cure cannot be effected. Fresh air and riding out, especially in this section of the country in the fail and winter season, are all wrong. Physicians who recommend that course hose their patients, if their longs are boily discussed, and yet, because they are in the boars they must not attends a quiet; they must wash about the reem as much and as fact as the strength will be found to get up a good circulation of blood. The patients must keep in good circulation of blood. The patients must keep in good signification of the great point to grain.

To despair of cure after such exidence of its possibility in the worst cases, and moral certainty in all others, les sinful. Dr. Schenck's personal statement to the Faculty of his cown cure was in these modest words:

"Many years age! Was in the bast stages of consumption conduct to my last, and at one time my physicians thought that I could not live a week; then like a drowning man catching at straws, I heard of and obtaining the preparations which I now offer to the public, and they made a perfect cure of me. It seemed to me that, I could feel them penetrate my whole system. They soon ripened the matter on my lungs, and I would spit up more than a pint of offensive yellow matter every norning for a long time.

"As soon as that legan to subside, my cough, fever, pain and night sweats all began to leave me, and my appetite became so great that it was with great difficulty that I could keep from eating too much. I soon gained my strength and have grown in feels ever since.

"I was weighed shortly after my recovery," added the wood of the came so great that it was the great force in the word of the standard of the proposal state of the word of the standard of the proposal state to New York and Bost GIVEN UP AS LOST.

and patients can readily learn whether they are curable or not.

The directions for taking the medicines are adapted to the intelligence even of a child. Follow these directions and kind Nature will, do the rest, excepting that in some cases the Mandrake Pills are to be taken in increased looses; the three medicines need no other accompaniments than the sample instructions that accompany them: First create appetite. Of returning health hunger is the most welcome symptom. When it comes, as it will come, let the despairing at once be of good cheer, timel blood at once follows; the cough loosens, the night swent is absted. In a short time both of these morbid symptoms are gone forever.

Br. & henck's medicines are constantly kept in tens of thousands of families. As a largative or purgative, the Mandrake Pills are a standard preparation; while the Pulmonic Syrup, as a curer of coughs and colds, may be regarded as a prophylacteric against consumption in any of its form.
