ALEXANDER RANDALL, OF ANNE ARTHDEL. COMPTROLLER OF THE TREASURE. LAWRENCE J. BRENGLE,

Notice of Primary Meetings. The Union Republican Voters of the several Election Dittricts of Cecil county are requested to assemble in Primary Meetings, at the places of holding such meetings in those Districts, on SATURDAY, 16th of Septhose Districts, on SATURDAY, 16th of Sep-tember, inst., at 3 o'clock, r. M., and pro-ceed to elect five delegates in each District to meet in County Convention on the fol-lowing Tursday, 19th inst., at 10; o'clock, A. M., for the purpose of nominating three candidates for County Commissioners, one candidate for Sheriff, three candidates for the House of Delegates, three candidates candidate for Sheriff, three candidates for the House of Delegates, three candidates for Judges of the Orphans' Court, one can-didate for State's Attorney, and one candi-date for County Surveyor. And it is requested that the delegates to the Conven-tion will place in nomination no candidate who has not been consulted, and whose consent has not been given to serve if nomiconsent has not been consuled, and whose consent has not been given to serve if nominated. By order of the UNION REPUBLICAN CENTRAL COMMITTEE OF CECIL COUNTY

Our Ticket.

Our extended report of the proceedings of the Republican State Convention occupies so much of our available space, that our room is limited for remarks on the ticket which the Convention has placed before the people of the State, and for which their suffrage is asked and claimed on the score of merit, sterling qualities both socially and politically. The State under the administration of such officers, would again be started on the high road to

the exciting times that followed. Previous to the war Mr. Randall was au Old-Line Whig, and represented his county on several occasions in the State Legislature. In all the public positions he has filled, he has been distinguished for purity of purpose, devotion to the interests of the State, and regard for the rights of his constituents .-As a lawyer, Mr. Randall enjoys a high reputation throughout the State."

With such a ticket the Republican party can claim the suffrage of the houest, upright and intelligent men of the State as a right and a duty which they owe to good government.

Let the Republican party of Cecil supplement their State ticket with a county one of equal merit and fitness, and we enter the contest against a demoalized and utterly defenceless party, arraigned before the people as guilty of every political crime known to the annals of Democratic trick. ery; and with such overwhelming advantages on our side we can appeal to the sober second thought of the people for their support and we predict the appeal will not be made in vain.

The Primary Meetings. We would again urge upon the voters of the Republican party the policy of a large turn-out at the Primary Meetings, this afternoon, as the best means to inspire cenfidence in the strength and ability of the party to contest the election successfully this Fall. The people who prefer an honest and economical management of public affairs are in the proper mood to support men of known ability and honesty, in preference to mere politicians and professional office-hunters. They are very sick of Democratic taxation and Democratic official theft. Every paper they open is filled with columns detailing the unparalleled stealing of that party wherever it enjoys

We repeat again what we urged last week on delegates who are chosen to the County Convention, to wait upon every man they propose to place in nominatio for any office, and ascertain in advance his willingness to serve, if nominated. Men who are unwilling to make some sacrifice, if necessary, for their party and principles, the Republican party does not want. Let a ticket be selected from among the best men of the county, with a special fitness for the office, men of stamina and moral courage and intelligence that will fit them to condemn and expose the outrages of the present Democratic party of the State and nation, and the result will not be doubtful. but victory will perch on our banners in the county this fall. The popular longing is for candidates they can rely on. Let it be the work of the Republican Convention to assemble here next Tuesday to place such

Republican State Convention. Vomination of Hon. Jacob Tome, of Cecil, by Acelamation—Large Convention of the best men of the party—Euthusiasm of the Meeting—Speech of Postmaster General Crencell—A strong ticket.

The Republican State Convention met at the Law Buildings, Baltimore, on Tuesday last. Every county but Talbot was represented by full delegations; and a noticeable feature of the Convention, was that the delegates were largely composed of the best men of the Republican party, and highest social position and great personal influence. The utmost harmony and good feeling characterized the proceedings.

Hon. Daniel Weisel, of Washington county, was made temporary, and afterwards permanent, chairman. After the organization of the Convention, Colonel McKellip nominated Hon. Jacob Tome as the Republican candidate for Governor .-The nomination was seconded, and a motion made by Col. Mobley that Mr. Tome be made the unanimous choice of the Convention, which was done by acclamation amid much enthusiasm. Hon. Alexander Randall, of Annapolis, was nominated for Attorney General, and Lawrence J. Brengle of Frederick, as the candidate for Comptroller, both of which nominations were made unanimous by acclamation.

THE RESOLUTIONS. Mr. C. C. Fulton, chairman of the Committee on Resolutions, reported the following resolutions, which were unanimously adopted by the Convention:

While the Committee on Itesolutions was absent from the Convention, a committee farming operations! was appointed to invite Hou. John A. J. Creswell to address them. After an absence of twenty minutes, during which Adam E. King spoke, the committee returned with the Postmuster General, who was received with tremendous chearing.-As soon as the applause had subsided, Mr. Creswell congratulated the Republicans of Maryland upon the result of the late elections. He said that the question as to who should be Vice President in 1872 was a matter of minor importance; that the nomination and reelection of the President was the important thing to be accomplished.

Mr. Creswell spoke for more than half an hour in his usual forcible style, and was listened to with great attention, not only by the Convention, but by many Democratic politicians who were among the crowd on the outside of the bar. His allusions to the President's military and civic career were received with great enthusiasm.

RINGING BALLOTS.-Hon. R. R. Roose velt, a Tammany Democrat and a member of Congress from one of the Ring Districts of New York, in his speech at the citizens meeting, called to devise means to bring the Tammany thieves to justice, described the process of ringing as follows:

Registration.

The Registrars of the several districts will sit at the following places on Monday, Tuesday and Wednessaby, the 18th, 19th and 20th days of September, for the purpose of striking from the lists of registered voters the names of all persons who have died, removed from the State or become otherwise disqualified, and adding to the lists the names of those who have become qualified by age, residence or other wise.—It is the duty of all persons to notify the Registrars of all persons who have semoyed or died since the last registration.

The following are the names of the Registration: First District, Cecilton, John Wroth; Second District, Cecilton, John Wroth; Second District, Clesapeake City, Noble Biddle; Third District, Ekton, William R. Gilpha; Fourth District, Fair Hill, Benj. Cowan; Fifth. District, North East, G. S. Jeffries; Sixth District, North Deposit, Joseph W. Let the active men of the Republican party see that Lyrpy voter of our varty is Registreed, and that the Democracy hare

ringing the hallots, as it is appropriately called—is a very beautiful operation, and is said by those who have tried it to be perfect. It is now the favorite plan; it is simple, inexpensive, and effective. When one of you good, innocent Republicans, we will suppose, is going to the polls to vote the wrong ticket or support the wrong man, as you are so fond of doing, your unwise inspector holds in his hand the ballot you ought to deposit, and when he receives yours quietly substitutes one for the other, and drops yours on the floor before he put his in the box. This is a simple sleight-of-hand trick, easily learned and readily applied. If, however, you are suspicious, and watch the official, if the latter is awk-ward or inexperienced, a man near by pushes against you, or the policeman seizes you and accuses you of having voted before."

This will serve to explain, in part, at least, the heavy Democratic majorities in New York city. We have no doubt Swann's trained bands in Baltimore understand these sleights of hand, and practice them, too.

—Republican victories continue all along the line, and the Democratic party is being buried beyond all hopes of disinterment. New Mexico, despite the break in our ranks, gives a good-sized majority, while Colorado was a cood-sized majority, while Colorado was considered in the manner of the party in the manner and by the authority no vested in them, Finally they say: "The negro race should be protected by all lawful means in the receives their itherty and their property, and by the authority and their property, and be the end of the party of the recent State Convenient of the party in the manner say by the authority or vested in them, Finally they say: "The negro race when happiness; but we keer sud now do further reaffirm this is a while man's quiet of the party was their own happiness; but we keer sud now do further reaffirm this is a while men for white men and their posterity forever." nen and their posterity forever."

THE Novelty Clothes Wringer.

Nothing, except the bewing highpur, has ever been invented which so much relieves the labor of the household at the Wringer. But its unefulness does not enter. The saving of clothing is of much greater importance. It is often remarked that articles of fine texture, last twice as long when torney in a Wringer as when wrung by hand. The NONKLY has Cog-wheele on both ends. * * The rolls are allowed to separate freely at either end. These, besides other advantages which it contains, seems to be indispensable to a practical wringer.—New York Independent.
