Maryland Super-Phosphate

(We court the Chemist's inquiry.)

After 20 years' experience in the Fertilizing business, and after establishing a wide reputation for the purity and excellence of his Bone Dust, the subscriber has been induced to terpora a Phosphate suitable to the requirements and every way worthy the attention of the Southern Fermer.

The "MARYLAND" is a rejuvenator and permanent improver of the add. It stimutates equal to Peruvian tuano, and austains equal to Bone, being composed aimost entirely of these ingredients, with a very liberal percentage of Potash in the residuum. There is no adulterator nor infector article uned—every particle of the Phosphate being of essential benefit to the land—Neither pains nor expense have been spared in its preparation, and we claim for it the greatest benefit to the former from the smallest outily.

No person can take these Bitters according to directions and remain long unwell-provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair. They are a Gould Pargantive as well as a Tonic, possessing, also, the peculiar merit of acting as of the Liver, and all the Visceral Organa.

and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for inciplent consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Crossp, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidots for them.

Although settled Consumption is thought incurable, still great numbers of cases where the disease scemed settled, have been completely cured, and the patient restored to sound health by the

cured by it.

For Whooping Couph, give small doses three or four times a day.

For Crowp, give large and frequent doses until the disease is overcome.

No family should be without the Cherry Pectoral on hand to protect them, in case of attack, from the above complaints. Its timely use often spares the patient a great amount of suffering and risk, which he would incur by waiting until he could get other aid. Parents, keep it in your houses for the exigencies that arise. Lives dear to you may be saved by it.

So generally are its virtues known, that we need not publish certificates of them here, or do more than assure the public that the best qualities it ever possessed are strictly maintained.

FOR PEMALE COMPLAINTS, in young or dold, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammantory and Chronic Rheumantism and Glost, Dyspepsia or Indigestion, Billious, Remittent and Intermittent Fovers, Bleenaes of the Blood, Liver, Kidneys and Blander, these Bitters have been most successful. Such Bluenaes are caused by Viriated Blood, which is generally produced by derangement of the Bloogastive Organs.

DYSPEPSIA OR INDIGENTION, Readache, Pain in the Shouklera, Cougha, Tightness of the Chest, Dirniess, Four Eructations of the Stomach, Bad Taste in the Mouth Billious Attacks, Paintation of the Heart, Inflammation of the Langs, Pain in the regions of the Khiners, and a hundred other painful symptoms, are the offsprings of Dyspepsis.

They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequalled efficacy in cleanning the blood of all impurities, and imparing new life and vicer to the whole system.

FOR MKIN BINEAMES, Emplos, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustales, Bolis, Cabuncies, Ring-Worms, Scald Heal, Fore Eres, Erysipelas, Itch-Rurfs, Discolorations of the Skin, Illumors and Disasses of the Skin, of whatevername or stature, are ilterally dug up and carriel out of the system in a short time by the use of these Bitters.
