Levis has completed the appointments in Zion M. E. Church, Cecilton, on February 20th, 1872.

Resolved, that we extend a vote of thanks to Dr. LePoer, for his able and elo quent exposition of the deadly effects of alcohol when used as a beverage, and the fearful ravage created by the rum trade under the present license system.

Levis has completed the appointments of his new store, by fitting it up with plush seated counters tools, fastened to the floor, in front of the dry goods counters, the top of city style. The ladies will appreciate this improvement, which is especially for their accommodation and comfort. The appointments and style in all his arrangements are in harmony with the quality and style of goods on sale, at the "Glass Front."
