Rev. Henry G. Simpers will preach at Wesley M. E. Chapel, to-morrow, 7th inst. be very common in the future. at 10 A.M., and at Hart's, at 3 P.M., Elk

Agriculture.-Farmers are making the most of their time now, in preparing for

House and Lot for Sale.-Attention is called to the adv. rtisement, in another col- priate something in its stead. We have the house of John Barrow, and assaulting to Mr. George W. Harbert, near Bethek and a statement to this effect has been but it has been left for Elkton to witness fails to stand to his bargai 1. It is for sale. Deposit granite is the heaviest and hardest

Series C .- Advertisement for a new series of stock to the Mutual Building Association of Cecil county, is published this week, to be called series C. This society recommends itself especially to persons who wish merely to invest monthly their surplus earnings at a good rate of interest, and which if desired can be drawn out at any time, while the opportunity to secure a loan is always open to every stockholder. Any information not contained in the advertisement in reference to the Association may be had by consulting any of the direc-

Accident.-Samuel Fisher of Drumore his gun the other was discharged, the charge striking his right hand and carry- gency. Having lots on Back street they ing away the greater part of it and a portion of the wrist. The dreadful wound paying for the hauling, and like the unnecessitated amputation, which was performed by Drs. B. F. Sides, D. D. Swift formed by Drs. B. F. Saies, B. D. Saint and M. Glacken. Mr. Fisher was alone at the time of the accident and being unable to make any one hear him, he loaded his mustkrats, gun, &c., in his boat, and pushing with his left hand a distance of more than a mile, he reached the shore safely.

Oxford Press.

Not Aslee, .- In the report of the railroad accident, which occurred last week, at the plank road crossing, in which two young men had a pairaculous escape from instant death, it v.48 reported, and so off and got it safely buried-at the exstated in The Whig, that they were asleep. One of the young men says' that this report is not correct, and the cause of the accithe accustomed whistle in time to warn them. A building intervening, presented the cars from being seen till they were almost on them, when he gave the horse a cut with the whip, which caused the animal to try transfer which the whip, which caused the animal to try transfer with the whip, which caused the animal to try transfer with a minute of the try transfer with a minute wi to start suddenly and slip, and before the horse could recover and clear the track,

Annual Meeting of the Eikton Building Society.-On next Saturday night, 13th ust., the fourth annual meeting of the

perience has been had than perhaps in any and thunder for the season occurred, and other State of the working of Building on Monday morning it snowed again. Societies, the committee reported the fol-

lowing amendments. There was much opposition manifested by the members to these amendments, which we think was streets. mainly owing to a want of time to give the proposed amendments a careful examination. These sections will be brought up at the next meeting, and we hope that every member will have carefully examined them

were engaged on the chapel roof this week.

Herring made their appearance in Elkton, this week.

Is there a law now, for the prevention of hogs and geese running at large, in our streets? Judging from the number we see in the streets, we should think not,

The maple trees along our streets are budding.

But little gardening has yet been done in Elkton.

M. D. F. Button, died in Washinston.

Section 3 of Article 13 .- A borrower may Section 3 of Article 13.—A borrower may repay his loan at any time, and in case of the repayment thereof before the expiration of the eighth year of the organization of the corporation, there shall be refunded to him one-eighth of the premium paid for every year of said eight years then unexpired, and the stock on which the loan was made shall at the option of the particular stockholder, be received in whole or part namment thereof at its withdrawal value. payment thereof at its withdrawal value.

Some changes to suit the time will be necessary in the wording of the amendments, but the principle they embrace is so obviously just, that when understood we ing voice to their adoption. The State law o'clock. The public are cordially invited and we believe that equity would compel it before any court in any State, and it is

much better for the Society to anticipate such probabilities and amend its laws to conform to justice. A member or his heirs may be compelled to withdraw and to repassed over Elkton, on Sabbath evening the interest on the money he has paid in last. The thunder was gentle accompanied would be so evidently unjust as to admit of no palliation or excuse.

Money is beginning to sell at comparatively low premiums, owing to the dimin-Mattie Nicols will open private school in ishing number of bidders, and it would be more profitable to the Society for a member to withdraw on the terms here proposed, than to borrow at ten per cent. premium, a rate, if not lower, that is likely to

readers will doubtless say, but original subjects require original titles. The past year and the present so far, have been famous sown in the lower part of the county.—
The wheat, which was reported killed by the severe winter, looks promising.

China and the Chinese.—Rev. S. L. Baldwin, for 12 years missionary in China, (from the Methodist Episcopal Church, accompanied by Ling Chac Cha, a native Chinaman, is expected in Ekton, in about two weeks, to lecture on the above subject. Grain interest is already felt in the coming of a native Chinese.

Peaches.—From present prospects, we may have a few bushels of peaches, this year. The trees look as though they would not be very surprising if the yield in the root of the pentitum of the practices. Corporation timue in there od practices. Corporation timue in there of practices. Where the public recompt of the public place have been advanced and an last proposed the site of peaches, this year. The trees look as though they would not be very surprising if the yield in the pentitum of the public place have been brought to good living."

In merely their own words. Air, Hanna was asked to form a class and oxplain the manier leading trains as and carboint the manier leading to good its still for ground is still frozen. Corn planting will be late.

Firming.—The farmers commenced plowing last week. The ground is still frozen. Corn planting will be late.

Remorals.—Wm. A. Hill has vacated the hotel at Rock Springs, there is no tenant between the peritential regions of the trust reposed in them by condiding constitution to the store, at Mount Pleasant, to James Scott.

Riter.—The river still continues low with no prospect of a rise. I never saw with no prospect of a rise. I never saw with no prospect of a rise. I never saw with no prospect of a rise. I never saw with no prospect of a rise. I never saw with not store, at Mount Pleasant, to James Scott.

Davis & Miller have on hand a large stock of Pine and Hemlock Flooring, Doors, Sash, Blinds, Shutters, and Mouldings of various patterns, at their Lumber Yard,

in favor of confining them too close. Mr. Calhoun said that a great deal could be done at home, and if parents would do their done at home, and if parents would do their done at home, and if parents would do their done at home, and force other purpose. Mr. Squier was in favor of teaching Grammar at an early age. The moment a child begins to talk Grammar should be taught. The question is not when but the manner in which it is taught. Prof. Newel stated that it required the presentation of both sides of the question to consider the subject fairly. It is not the kind of a book, but the best method of teaching it. No matter whether the text book is Kirkham's, Smith's Fensmith's, or any other Smith's. Was of the opinion that teachers did not pay enough attention to the study of Grammar as they should do. In a majority of schools say of forty or fifty pupils, probably not more than one or two are capable of writing correctly or speaking in a correct manner, although it low varied to select one hundred sensi-

or two are capable of writing correctly or speaking in a correct manner, although if he wanted to select one hundred sensible people, he would select one hundred sensible people sensible pe

nie Wilson read a selection from Scott, entitled "Lockinvar."
The subject of spelling was then taken up and discussed. Mr. Watts said his way was to teach spelling orally. Mr. Calhoun was in favor of spelling by dictation. Mr. Chamberlain's plan was to define and separate into syllables. Mollie Williams was not in favor of beginning at the head of the class, and giving out the words as they may appear in the book, for the reason that in some cases children would not study the whole lesson, but merely their own words. Mr. Hanna was asked to form a class and oxplain the man asked to form a class and oxplain the man ner he taught spelling. He took a class of the fith that is in them. They have all either fit or witnessed its benderen operation.

—The reduction of the public debt during March was extraordinarily large, amounting to \$15,481,963. Secretary Boutwell has over a hundred and thirty millions of money in the Treasury, of which all but about ten millions is in coin.

APRIL.

In the Scath the annual jubilee of the mismatic forces has commenced. In the cooler milland regions, when he have been but partialty eured of the public debt during March was extraordinarily large, amounting to \$15,481,963. Secretary Boutwell has over a hundred and thirty millions of money in the Treasury, of which all but about ten millions is in coin.
