PRIMARY MEETINGS. The Republican voters of Cecil county are requested to assemble in Primary Meetings, at the place in each District for hold-

ings, at the place in each District for holding such meetings, on Saturday, afternoon next, 7th of September, at 3 o'clock, for the purpose of choosing five delegates from each District to meet in County Convention at Elkton, on Wednesday the 11th of September, to elect four delegates to represent Cecil county in the Congressional Convention, to be held at Towsontown, on Thursday, September 19th.

Ryardar of the By order of the REPUBLICAN CENTRAL COMMITTEE.

The Waning Fortunes of the "Liberals. Mr. Sumner has gone to Europe for his health. He possibly discovered before starting that he had been under a terrible delusion, for so wise a man as he is reputed to be, in believing that the professed democratic conversion to Republicanism was real; and that their rallying round Greeley was anything but an attempt of the boldest and most desperate kind, to cheat the American people into turning the Republican party out of power, under a delusion that the Democrats, the sworn enemies to its principles would enforce and carry them out better than the party which originated them had done. That the principles of the Republican party had not been carried out by Grant and his advisers was given as a principle reason by the "Liberals"-they used to be "Revenue Reformers "-for their action, and in the Cincinnati Mass Meeting they reiterated their fealty to Republican principles. At

Baltimore the Democratic party professed to place their old principles, under foot and take their stand on the most advance ground marked out by Messrs. Sumner, 1871, we should, most surely have carried Schurz, Greeley and others. Such a wonderful conversion, took the country by surprise, and a good many Republicans, like wild geese in a fog, circled round, not knowing which way to go. In this state of bewilderment not a few of them got into the Greeley-Democrat net. This professed change was so unreal that the disguiso could not be kept up, and the indi- majority. vidual members of the party declared publiely that they had no notion of becoming converts to "old Greeley" and his abominable doctrines, and that their only object paign. WORK AND ORGANIZATION.

[The following communication was intended for last week's issue, but overlooked till too late for publication. The advice it contains will be found timely and judicious. Let it be acted upon without de-

The Democrat of last week furnishes two reasons in favor of an immediate organization of the Republican voters of the County for the approaching Presidential and Congressional Campaign. First, there is the notice of the call for

the organization of a Greeley and Brown club in the 3d District, with its list of signers, showing that the "Mule party" is alive to the necessities of its case, which is the case of those who are an hungered and athirst, and think they see the chance of satisfying their craving. Their activity, however, is commendable and should be imitated by the Republicans. Then, there is the approaching registration of voters, September 16th, 17th and 18th, next, notices of which are published by the Democrat.

In short nothing having reference

of residence occurring during the same nade of their names, and their cases noted for attention at the proper time. A thorough canvass, of the Districts, should be made with reference to all these matters

at once. Let it be borne in mind specially, that registration is the sole qualification on election day, of voting. Let it not be forgotten, also, that the registration, and consequent qualification of voters, in Maryland, is in the hands of our opponents, who have shown themselves not over serupulous, heretofore, in their efforts to reduce our vote. These and other considerations unneces

sary to specify, show the necessity for work, and work to be effective, must be organized, systematic, and continous. Last fall we were "within a hair" of complete success in Cecil. Had the matters hinted at above received proper atten-

West ried away by the Greeley delusion. West tanner by a good round 500 majority in the Virginia added still further proof, and now county.

One other matter should be borne in ed Republican majority, showing plainly mind, especially by the Register of voters. that no "tidal wave" has been raised by There is an Enforcement Act, not long since very distasteful to our Democratic The nervousness shown by Mr. Greeley's and Conservative voters. Perhaps in shaking hands over the bloody chasm, &c., they have learned to like it with the crow. Whether or not, however, there is such an Mether or not, however, there is such an Act, and the U.S. Judges in Balitimore have ruled somewhat upon it, and certain Registers of Maryland have been fined heavily for its violation, in the U.S. Circuit Court. So it is coming to be under-stood that these "tricks" of Registers and Judges of Election, &c., in discriminating against colored voters are very

To throw Greeley over, and kick him out hat to fame and fortune, had better get of their party and the canvass at this hour, would be a vengeance that has no parallel on record.

We are sorry that the Straight-Out nomination has been made. A defeat of that old Bourbon party under Greeley would have been its total annihilation. Its stubborn cohesiveness will unite it to some extent again, around the Louisville nominees District of this State met in Convention, on | but it never can be formidable. That "Black-Republican" Club. The "black-republican" club which was organized at the Court House last Saturday night in the interest of Greeley and 1872, will, in great measure, depend upon Brown, had uphill work. First the Court House bell was rung but only a few of the ring masters appeared, who were the belringers infact. The big bell was invoked tled to registration should fail to have his again but still its sonorous summons was name put on the lists at this session if not but feebly responded to. The gers will serve to bind them to the ring young voters should be ascertained; lists after the Greeley humbug is exploded, and "The devil claps claw upon Horace Gree-ley with the Tribune under his arm,"

to paraphrase a line of the old song, "The little tailor boy." The young and bashful liberals and semi-liberals, blushed like timid brides when about receiving the fateful and made chair men of committees. Poor fellows, they felt badly enough, no doubt, when they themselves manipulated by the old politicians who run this county political machinery to the sorrow of tax payers. The movement in the interest of Greeley and Brown is a transparent sham on the part of the old Democratic ring of Elkton. They believe that Horace's chance of getting into the Presidential chair, and his prospects of getting into heaven are about even; and his Democratic friends have never claimed that the Philosopher was a ters hinted at above received proper attention throughout the county in September 1871, we should, most surely have carried the county, as it was, we had encourging success, reflecting credit upon the workers of that campaign, and inspiring hope of greater success next time. Work did it. Nothing but work will do it. Work now, the last of the party that has plundered this county and the State for the last five years, is to recruit their thinning ranks from the Republican party by "pulling the wool" over as many, more honest than wise, Republicans as possible, so that they can maintain their hold in the future upon the last five years, is to recruit their thinning ranks from the Republicans as possible, so that they can maintain their hold in the future upon

> Taking the morning train, we reached Harrisburg at 3 o'clock, where a monster mass meeting was held. Mr. Scott, the present U.S. Senator, opened the meeting on a two hours' speech, in which he arraigned Greeley, Buckalew and Forney, handling them without gloves. His speech was answered by shouts of applause that fairly shook the large Court House. Mr. McVey and your correspondent followed in short speeches, and a large club was organized at the close of the meeting.

Our next objective point was Pottstown, which has a population of 4,000 to 5,000. Here an out door meeting was held, and a more enthusiastic meeting was never witnessed in the town as I was informed by the Democrats and Republicans. This is Hartranft's own county, the home of Gen. Squares were filled with enthusiastic and responsive people-men and women. Municipal Election in Wilmington.

An election for city officers was held in Wilmington, on Thansday last over which the Democracy—we don't hear anything of "Liberals" there—crowed as in the case of North Carolina. The following is the result:

A light vote was policed, the whole policy for the first of the properties. It is to the falling off over 400 from last year. Simms, Democrat, has 72 majority for Mayor.
