Interesting Address .- With to-morrow's services, Rev. L. C. Matlack will close his term in Elkton, as Conference meets in Easton, on Thursday following, and it is altogether probable his field of labor next year will be elsewhere. In the evening he will deliver an address on his experiences of forty years in the Church,-over thirty of which have been spent in the Ministry.

New Brakes .- The Phila., Wil. & Balt. Railroad Company is putting on a new air brake, called the Vacuum, upon one of its locomotives, with the design of its capabilities. The Vacuum is claimed to be superior to the Westinghaus brake, and recent experiments on the Reading R. R., side by side with the Westinghaus, clearly side by side with the Westinghaus, clearly demonstrates such to be the fact. It is said to be less complex than the Westinghaus, and dispenses with the air pump entirely. If the Vacuum brake proves satisfied. . it will come into general use on th factory, it will come into general use on the Phila. Wil. &. Balt. Railroad, and will be put upon all the trains.— Wil. The Susquehanna Ice Gorge.- A special despatch to the Baltimore American, dated Port Deposit, February 27th, says:-

Snow began falling at an early hour this morning, and continued until about ter o'clock, when the sun came out and a thaw set in. It clouded up again about sundown, and to-night there are unmistakable signs of rain. The gorge, although much reduced in height, has been frozen more solid, new ice having been formed by the solid, new ice having been formed by the recent cold snap, and it would no doubt offer such resistance to any flood that may come as to cause a repetition of the scene of January 20th. Whilst there is no immediate danger, the indications are very unfavorable, and things are still in an unsettled condition.

Missionary Anniversary .- The Missionary Anniversary of the M. E. Sabbath School of this town, was held on Sunday night last. The survices consisted of some fine singing by the children. After which the classes were called by their Missionary names, and the boy or girl, selected from quorum of Directors organized informally, the class for the purpose, took the contribution of the class up in an envelope and Mr. Wilson acting, in the absence of bution of the class up in an envelope and Mr. Tone, as temporary President, and bution of the class up in an envelope and Mr. Tome, as temporary President, and laid it at the foot of a small cross erected Mr. Price as Secretary pro tem. on a pyramid. The Pastor announced the amount of the contribution, which was resolution was adopted: often occompanied by a motto. When this was finished, the amount was summed up, and announced to be \$155,00. This with the collection for the same purpose taken in the congregation previously, made the sum of \$315,01. The meeting closed with a very interesting and instructive little address by the Pastor, Mr. Matlack, entitled "My Boyhood in Maryland."

Fatal Railroad Accident .- On Tuesday morning, about 11 o'clock, two men, named Hasson Lynch, Jr., and John T. Abrams, living in the neighborhood, were walking on the P., W. & B. railroad track, about 11 miles from North East, when they saw a freight train, bound north, coming toward them.

They stepped off that track to the other, when the mail train South almost instantly struck them, throwing them both into the ditch. The train was stopped, and upon taking up their bodies it was found that they were both horribly mangled about the head and limbs, so badly that Abrams died instantly and the other died before the next station was reached.

A coroner's inquest was held, a verdict of accidental death rendered, and the Rail-10ad Company and employees exonerated from all blame.

Both the deceased persons were flue young men, and leave small helpless
