the cream as is practicable to the ac- next best thing to kill a few woodpecktion of the air.

The "deep-can system" secures these up on the side of a tree, bobbing and conditions much better than any other with which I am acquainted. By its the temptation is strong, and the poor, with which I am acquainted. By its aid, and from the milk of pure Jerseys, we make at Ogden Farm butter which sells at \$1 per pound all the year—and is worth it to those who are willing to pay an extra price for an extra article. It is even more simple than the common shallow-pan system which is in use all over the country and there is not most every one of a kind which is in most every one of a kind which is in the form of grubs and worms, and all over the country and there is not most every one of a kind which is in the form of grubs and worms, and all over the country and there is not make the country and there is not make the country. all over the country; and there is not most every one of a kind which is inone trace of a good reason why any jurious to vegetation. The cat-hird, man who can afford to invest not more than \$10 per cow for tank and pans should not give up the old and very imperfect one and adopt the new and imperfect one and adopt the new and suffer death. He pays a better price to the state of the complex court of the c

The Unprofitableness of Farming.

on the head when talking to farmers.—

As a rule, the politician at the fair is a day in the bargain.—In Col. Waring, of "Ogden Farm," in the politician still, speaking for political the American Agriculturist, discusses effect. Now and then, however, he gets DRY GOODS and GROCERIES. Mr. J. Milton Mackie has been stim-ulated by the report of Mr. Robeson's Butler, at the State Fair in New Hamp-"It is complained that farming is

of one pound per day for the whole unprofitable. Men are leaving the farm herd, not nearly all the cows being in and seeking employment in mannfactures milk. This is the more note-tures and the trade of the city. New worthy, as many of his cows are rather Hampshire, the agricultural part of seems as though an apology were due the readers of these papers for the frequent accounts given of the performance of this breed, and 1 hesitate the more to write so much on the subject find it largely in this, that we ask too from the fact that I am myself a breed- much of the farm? Having a capital the balance of the Season. er of them. At the same time, I adopted them some years ago in the belief that they would be the most profitable our families, educate our children, and

here and there throughout the country fact that in mercantile business only one

puts back into his business. The merchant increases his capital year by year, The "deep-can system" has had such from gains of the preceding year, if he a long rest that I shall not be blamed for referring to it again. After a trial large as he can profitably manage. But of it for about two years I do not hesi- if the farmer makes any surplus on his tate to pronounce it perfect. We make farm, as a rule, does he return to his precisely the same quality of butter (except for the matter of color) 52 weeks in the year. Hot weather and his stock, or draining his land? On cold weather have absolutely no influ- the contrary, is he not much more likely ence on the milk in the cans, nor on to invest in railroad shares, or bonds, or the cream itself up to the time of put-ting it in the churn. Furthermore, there is much less labor required in the away from the farm what the farm has milk house, and much less care in the brought to him, and ought to be return- Fall & Winter Cassimeres, operations of the dairy. MECHANICAL.

MEDIUNAL.

Dr. J. Walker's California Vin-

egar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use

are extracted thereirom without the use of Alcohol. The question is almost daily asked. "What is the cause of the unparalleled success of VINEGAR BITTERS!" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a periect Renovator and Invigorator of the system. Nover before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases

The properties of Dr. WALKER'S VINEGAR HITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Directic, Sedative, Counter-Irritant Sudorific, Alterative, and Anti-Billious.

Grateful Thousands proclaim VIN-

EGAR BITTERS the most wonderful Invigorant that ever sustained the sinking

from in the Blood

MAKES THE WEAK STRONG

Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "athousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.

This is the secret of the wonderful success of this remedy incuring Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhya, Bolls, Nervous Affections,

rheen, Bolls, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, Bladder, Female Complaints, and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.

and building up an Iron Constitution.

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hestiate to give it a trial.
