**Large Potato Crop.**

The potato crop of the Eastern Shore of Maryland this year will probably be the largest on record. So far this season there has been an increase of about 75 per cent. in the yield over that of last year, which was looked upon as being about normal. This increase is attributed to the weather conditions which prevailed this spring, being such as to cause the crop to flourish. The shipments have been so heavy as to cause the Baltimore, Chesapeake and Atlantic Railway Company to place several extra boats in commission on the routes touching at the wharves in that section.

The present shipment amounts to about 30,000 barrels per week over the above line. In addition to this, there are a large number of potatoes being shipped North on the New York, Philadelphia and Norfolk railroad. A large percentage of the crop which is handled by the steamers is transferred and sent to the West and Northwest.

**Concrete Bridge.**

The first concrete bridge to be erected in Queen Annes County has been completed at Centreville, the one that spans the stream at the foot of the Water Works Hill. The bridge has been in course of construction for over a month and now presents one of the most substantial structures of this kind that can be built. The foundation and lower walls are composed of concrete and the railings on each side of the bridge are of jointed iron. The structure which was formerly built across this stream, had, in the last few months, become very dilapidated and in an unsafe condition, which was caused chiefly by traction engines crossing and recrossing.

The adoption of the concrete plan is a decidedly wise move from every point of view, as it will not only guard against future work, expense and trouble, but will be safer for its users. The contractor for building the bridge was George H. Trax, of Easton.

**The Limit Of Life**

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged, carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by Forman & Keating, druggists. 50.

**Hill Much Improved.**

Haulers to Centreville have had one of the greatest troubles remedied within the past week by the great improvements upon the hill on the outskirts of town leading in the direction of Church Hill. The top of this hill has been scooped and carried to the foot, where the dirt has been spread. Oyster shells, which were put on this road several years ago and tramped into the sod, have been brought to the surface and their usefulness renovated by scattering them along the hill, thereby making an excellent road when properly packed. This hill has always been a source of much inconvenience to farmers and others who are compelled to haul to Centreville, as with a heavy load it is by no means easy to descend or climb.

**Endorse by The County.**

"The most popular remedy in Osageo County, and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Osageo Journal, Gilbertsville, N. Y., is Dr. King's New Discovery. It has proved to be an infallible cure for coughs and colds, making short work of the worst of them. We always keep a bottle in the house. I believe it to be the most valuable prescription known for Lung and Throat diseases." Guaranteed to never disappoint the taker, by Forman & Keating, druggists. Price 50c and \$1.00. Trial bottle free.

Saulsbury Bros. of Ridgely, have closed their pea cannery for the season after a record breaking pack of 792,000 cans.

**Diarrhoea Cured.**

"My father has for years been troubled with diarrhoea, and tried every means possible to effect a cure, without avail," writes John H. Zirkle, of Philippi, W. Va. "He saw Chamberlain's Colic, Cholera and Diarrhoea Remedy advertised in the Philippi Republican and decided to try it. The result is one bottle cured him and he has not suffered with the disease for eighteen months. Before taking this remedy he was a constant sufferer. He is now sound and well, and although sixty years old, can do as much work as a young man." Sold by Forman & Keating.

**Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.**

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonials received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

**Our Time Is Yours**

WHENEVER YOU'RE READY TO PICK OUT THAT NEW SUIT.

We want a chance to talk to you about your Spring Clothes. We believe we can come nearer than anyone else to giving you what you want in the way you want it, at the price you want to pay. Don't make up your mind about Spring wearables until we have spread before you some of the values in our new assortment. Let us slip on a few sack suits—Spring models—new, neat gray effects. Stand in front of the mirror and examine the fit and general effect and see what is becoming to you.

Let us show you our Blue Serge Suits will wear longer, keep their shape and color better than any other you can buy. If you are a young business man or a college man, see our nobby Student Styles and get away from the hackneyed, ordinary looking clothes that most stores offer young men.

We have Hats, Underwear, Haberdashery and all the belongings of dress. We show you new and distinctive things without asking fancy prices for them.

This is one place where you won't get sour looks because you don't buy. And remember, what you get here must be satisfactory. If anything is wrong we will make it right, so don't be a stranger.

**Order of Publication.**

Elisbeth Morden, Plaintiff,

Richard Morden, Defendant.

In the Circuit Court for Queen Anne's County, in Equity. Cause No. 1745.

The object of this suit is to obtain a divorce "a la Reformation" by the plaintiff from the defendant.

The bill avies that the parties were married on the 25th day of May, in the year 1895, in Queen Anne's county, and that they resided in Queen Anne's county until 1895; that on or about the 3rd day of July, in the year 1895, the defendant abandoned and deserted the plaintiff without just cause; that such abandonment has continued uninterruptedly every since said date, and is deliberate and final, and the separation of the parties is beyond a reasonable expectation of reconciliation; that on the 15th day of July, in the year 1897, the plaintiff filed a petition in this court that the writ of subpoena had been issued on two different occasions for the said Richard Morden, and the same were returned "non est" by the sheriff of Queen Anne's county, and the Plaintiff prayed for this order of publication.

It is, therefore, this 15th day of July, in the year 1907, ordered by the Circuit Court for Queen Anne's county, in Equity, that the plaintiff, by causing a copy of this order to be inserted in some newspaper printed and published in Queen Anne's county once a week for four successive weeks on or before the 15th day of August, in the year 1907, give notice to said defendant of the object and substance of this bill, warning him to appear in this Court in person or by Solicitor on or before the second day of September in the year 1907, to show cause, if any he may have, why a decree should not be entered as prayed.
