Democratic State Convention

The Democratic State Convention, held in Baltimore on Thursday of last week, nominated one of the tickets strongest tickets that has ever been offered before the people of this State.

There are hundreds of families in the large cities anxious to get away to a place where the air is pure, the water healthy and the drainage good. We have all that the heart can desire in climate.

ation, that this slate could be broken, and upon the strength of it the Editor of the OBSERVER, who was a delegate to the Convention, telegraphed the ticket above slated.

The change, though, from Williams to Crothers was received in all quarters with great enthusiasm, and what appeared more like a jubilation than a mere change of candidates.

The result of the work of the Convention in the end gave satisfaction and harmony in all sections of the State, and the general opinion is that the entire ticket as nominated by that Convention will be victorious in November next with flattering majorities.

Seven of the eight delegates elected to the State Convention from Queen Anne's county were present, Mr. Eugene L. Dudley being detained at home on business matters.

Capitalists Opportunity. Centreville can easily stand one hundred neat six to eight room houses. Not a house to be had in or around town for love or money.

What more do you want for a safe investment, and one that will pay from 6 to 12 per cent. along with the natural increase in values.

We look for quite a boom in the Fall—so keep the carpenters going all winter with the sound of the saw and hammer. We need it, and it is up to you to keep the money in circulation.

Democratic Nominees Answer

Week before last we propounded the same questions to the Democratic Legislative nominees as was propounded to the Independent nominees in our issue of June 28th, just after their nomination.

The Democratic nominees have answered the questions put to them in a straightforward, manly manner, thereby placing themselves fairly and squarely before the people.

Will you, as Democrats, support candidates who do not hesitate to make plain their attitude upon any or all questions, or will you give your support to candidates who refuse to state how they stand upon important party questions?

In the first place, I actively supported and voted for the Hon. Thomas A. Smith, the Democratic Candidate for Congress, in 1906 as well as in 1904, the two years when he was the nominee of our party for Representative from the First Congressional District.

Very respectfully, J. FRANK HARPER. Mr. W. J. Price, Jr., Editor-In Reply to your inquiry of August 26, I can truthfully say I voted for Hon. Thos. A. Smith in 1906. If I am elected to the House of Delegates I will vote for Democratic representatives for United States Senators.

Chester, Md., Aug 6th. Mr. Editor—In answer to the questions propounded to me as a Democratic nominee for the House of Delegates in the last issue of the OBSERVER I take great pleasure in stating that I am a Democrat from principle and not from policy, and as such cheerfully supported Hon. Thomas A. Smith for Congress at the last general election.

Barclay, Md., Aug 7th, 1907. W. J. Price, Jr., Centreville Observer, Centreville, Md. Dear Sir—Replying to the questions asked in your issue of the 2nd, I desire to say most emphatically that I voted for Hon. Thomas A. Smith in the Congressional election of 1906, and, if elected to the House of Delegates this fall, I shall vote for and do all in my power to elect Democrats to represent Maryland in the upper Chamber of Congress.

The Judge Uses Forceful Language. Judge W. B. Simmons, of Fincastle, Va., told the reporter that L. & M. Paint was used on his residence in 1882, and held its color well for 21 years; he furthermore said that 3 years ago he was induced to use another paint and is sorry he did, because the other paint didn't make good. The Judge will now always use L. & M., because he knows if any defect exists in L. & M. Paint the house will be repainted for nothing.

The L. & M. Zinc hardens the L. & M. White Lead and makes L. & M. Paint wear like iron for 10 to 15 years. Actual cost of L. & M. about \$1.20 per gallon.
