**TORTURING PAIN.**  
 Had This Man's Sufferings Would  
 Have Killed Many a Person,  
 But Doan's Cured Him.  
 Thousands of grateful people are tell-  
 ing every day how Doan's Kidney Pills  
 cured them of distressing and dangerous  
 kidney and bladder troubles.  
 Yet other thousands are suffering every  
 day from these same ills. Why? They  
 are either very negligent or very supersti-  
 cious. Neglect of kidney disorders leads to  
 dropsy, diabetes, Bright's disease and  
 other fatal diseases.  
 Sincere, honest testimony like the fol-  
 lowing should convince every skeptic.  
 A. C. SPRAGUE, stock dealer, of Normal,  
 Ill., writes: "For two whole years I  
 was doing nothing but buying medicines  
 to cure my kidney-  
 trouble. I do  
 not think that  
 any man ever  
 suffered as I  
 did and lived.  
 The pain in my  
 back was so  
 bad that I  
 could not sleep  
 at night. I  
 could not ride  
 a horse and sometimes was unable even  
 to ride in a car. My condition was criti-  
 cal when I sent for Doan's Kidney Pills.  
 I used three boxes and they cured me.  
 Now I can go anywhere and do as much  
 as anybody. I sleep well and feel no dis-  
 comfort at all."  
 A FREE TRIAL of this great kidney  
 medicine which cured Mr. Sprague will  
 be mailed on application to any part of  
 the United States. Address: Foster-Mil-  
 burn Co., Buffalo, N. Y. Hold by all  
 dealers. Price, fifty cents per box.

**LETTERS FROM THE PEOPLE.**  
 Mr. Editor,  
 Dear Sir—I noticed that you  
 spoke in your last issue of the  
 farmer having a heavy growth of  
 fodder but only a part of a crop of  
 corn. But this is not my experi-  
 ence, and I find that this year has  
 been a test for some of the advan-  
 ced scientific methods of corn grow-  
 ing, and, having studied Prof. Hol-  
 den's instructions very closely, I  
 decided to test it, and, accordingly,  
 last spring I planted part of my field  
 with graded and thoroughly tested  
 seed corn, with results, considering  
 the season, far in advance of my  
 anticipation. The corn is yielding  
 far in advance of any other corn I  
 have ever grown and is giving me  
 so far about 160 bushels of ears to  
 the acre, which, considering the  
 small size of the cob of my variety,  
 will be about 60 bushels of shelled  
 corn. This I think is very conclu-  
 sive that we should use the very  
 best variety of graded and thor-  
 oughly tested seed corn.  
 Respectfully,  
**F. A. HARTLESS,**  
 Queen Anne, Md.

Be as careful as you can you will oc-  
 casionally take cold, and when you do,  
 get a medicine of known reliability, one  
 that has an established reputation and  
 that is certain to effect a quick cure.  
 Such a medicine is Chamberlain's Cough  
 Remedy. It has gained a world wide  
 reputation by its remarkable cures of  
 nature's plan, relieves the lungs, aids  
 expectoration, opens the secretions and  
 aids nature in restoring the system to  
 a healthy condition. During the many  
 years in which it has been in general  
 use we have yet to learn of a single  
 case of cold or attack of the grip, hav-  
 ing resulted in pneumonia when this  
 remedy was used, which shows conclu-  
 sively that it is a certain preventive of  
 that dangerous disease. Chamberlain's  
 Cough Remedy contains no opium or  
 other narcotic and may be given as con-  
 fidently to a baby as an adult. For  
 sale by Forman & Keating

**Current Facts.**  
 Greece has an absolute natural  
 monopoly of currant production  
 which averages about 100,000 tons  
 a year. The seedless grapes, which  
 when dried are known as currants,  
 grow nowhere else in the world.  
 It takes about four pounds of fresh  
 grapes to make a pound of dried  
 currants. No artificial processes are  
 used in curing; the best qualities  
 are dried in the shade, all others  
 in the sun.  
 The United States consumes  
 20,000,000 pounds of dried currants  
 a year, less than half a pound a  
 head. Great Britain's consumption is  
 three pounds per capita and Hol-  
 land's six pounds.  
 Dietitians who have made a study of  
 the food value of currants say that  
 75 per cent of their weight is solu-  
 ble in water, and that currants  
 contain 15 per cent of nutritive  
 value or more than twice as much  
 nourishment as lean beef.  
 As a concentrated food Sir Fran-  
 cis Laking King Edward's physician,  
 has lately pointed out that the 75  
 percent of grape sugar contained  
 in currants makes them a valuable  
 aid in digestion, always nervousness  
 and prevents nervous exhaustion.  
 To safeguard the industry upon  
 which the welfare of the whole  
 nation depends, owing to the fact  
 that currants form 65 percent of  
 Greece's total production, heavy  
 penalties are imposed upon the  
 growers who pick their crop before it  
 is ripe or pack it before it is thor-  
 oughly dried and cleaned.

**He Fought at Gettysburg**  
 David Parker, of Fayette, N. Y.,  
 who lost a foot at Gettysburg, writes:  
 "Electric Bitters have done me more  
 good than any medicine I ever took.  
 For several years I had stomach  
 trouble, and paid out much money for  
 medicine to little purpose, until I began  
 taking Electric Bitters. I would not  
 take \$500 for what they have done for  
 me." Grand tonic for the aged and  
 for female weaknesses. Great altera-  
 tive and body builder, best of all for  
 lame back and weak kidneys. Guar-  
 anteed by Forman and Keating, druggists,  
 etc.

The Epworth League of Perry's  
 Corner Church will hold a festival at  
 Bryantown Hall Wednesday even-  
 ing, Nov. 13. If weather is unfavor-  
 able it will be held next clear  
 evening.

**A Hard Debt to Pay**  
 "I owe a debt of gratitude that can  
 never be paid off," writes G. L. Clark,  
 of Westfield, Iowa, "for my rescue  
 from death, by Dr. King's New Dis-  
 covery. Both lungs were so seriously  
 affected that death seemed imminent,  
 when I commenced taking New Dis-  
 covery. The ominous dry, hacking cough  
 quit before the first bottle was used,  
 and two more bottles completely cured  
 me. Nothing has ever equalled New  
 Discovery for Coughs, colds and all  
 throat and lung complaints. Guar-  
 anteed by Forman and Keating, Drug-  
 gists. 50c and \$1.00. Trial bottle free.

**ARBUCKLE'S ARIOSA COFFEE**

"For over thirty years," writes a  
 gentleman in Los Angeles, "I have  
 used Arbuckle's Coffee. Many times  
 my family has tried other coffee only to  
 come back to our old reliable, unchange-  
 able Arbuckle's. No other coffee has  
 this uniform never failing aroma, I care  
 not at what price. I have often wished  
 I could tell you this." Many other  
 people have the same opinion.  
 Arbuckle's was the first roasted packaged  
 coffee, and in some regard all the others put  
 together. That it costs you less is due simply  
 to our coffee business being so much greater  
 than any competitors, in fact, it is larger than the  
 next four largest firms in the world combined.  
 We naturally can and actually do give better  
 coffee in ARIOSA than anyone else can give  
 for the price. Being the standard article it is  
 sold at the narrowest margin of profit.  
 Some grocers will try to sell  
 you instead loose coffee which the  
 roaster is ashamed to sell in a  
 package bearing his name.  
 Don't take it, neither the look nor the price  
 indicate its cup quality. No matter where you  
 buy Arbuckle's ARIOSA, or what you pay  
 for it, it's the same old uniform Arbuckle's  
 ARIOSA Coffee.
