WOR TRACTION BOOKLET CAR BULLETIN

\$5000 outfit and it has cost you merely a second hand automobile and the time of attaching the traction unit, which sells for \$390, \$570 or \$750, depending upon the capacity of the outfit you wish. We can give immediate delivery on the 2 ton and 3 ton sizes. The 2 ton are made to be attached to Fords, Chevolets, Maxwells, small Buicks, etc.

The 3 ton capacity is for attachment to larger cars, as are used for 7 passenger touring purposes, Our meet car description has for only many thoroughly tested and

The traction unit itself consists of a complete internal

gear-driven rear-axle, with it's wheels, tires, brakes, torque-

arms, springs, and rocking steel-plate turntable, together

with the necessary flange for connecting with the drive

shaft of the car used. It is a simple matter for us, or for

any other garage or machine shop or blacksmith shop, to

remove the body of your car back of the driver's seat, re-

move the whole rear axle with it's springs, slide the trac-

tion unit in place, clamp it to the frame of the machine and

connect up the drive shaft and the brake rods. You then

have the equal in capacity and performance of a \$2000 to
