THE "BLACK HAWK" MANURE SPREADER

Is simple in construction, and easy to operate. E CANDIDATE'S CARDS The wide spread attachment enables the farmer to spread a width of 74 feet. This spreader is easy to load because it is low-down.

Anyone who is in the market for a spreader cannot afford to lose the opportunity of examining the "Black Hawk" before placing his order elsewhere.

"Ask the Man Who Owns One."

War and Life Insurance

THE NEW YORK LIFE, the acknowledged LEADER of life insurance companies, has adopted a most liberal "WAR CLAUSE," consistent with the safety of its policy-holders. In addition to its other securities—the BEST to be had—it has invested VERY LARGELY in the U. S. Liberty Bonds.

Policy-holders of the New York Life not only have the most unquestioned PROTECTION, but receive ALL THE DIVIDENDS declared, and do not have to SHARE the same with stock-holders and speculators.
