THE "BLACKHAWK" MANURE SPREADER

Is simple in construction, and easy to operate. The wide spread attachment enables the farmer to spread a width of 71 feet. This spreader is easy to load because it is low-down.

Anyone who is in the market for a spreader cannot afford to lose the opportunity of examining the "Black Hawk" before placing his order elsewhere.

"Ask the Mun Who Owns One."

RAILWAY COMPANY RAILWAY DIVISION

By exercising foresight and in any sum from \$100 to \$10,000 from the Cooperative League of America at three per cent annual interest. The League is a national organisation operating under a declaration of trust, with its trustees and all its agents under bond it is not necessary that the prospective borrower shall own property when application for a loan is made, but all moneys loaned by the League are secured by first mortgage on real estate. Loans will be made to buy or build a home, improve city or country real estate, to buy a farm, to pay off a mortgage, or to turn a loan privilege into cash. These loans are paid off by the borrower in small amounts monthly over a period of from eleven to twelve years. Details will be sent on written request, or a representative will call
