ARE YOU A SLACKER!

The stay at homes in Queen Annes county are under as great an obliga vil years old; excellent milkers, some tion to serve their country as the boys who are fighting in France In fact, they owe their freedom and the safety of their homes to those who are making the sacrifice over the seas The man at the front has given up everything to serve his country and the least we at home can do is to help

If you are a farmer, it is your patriotic duty to pay more attention to this farm and to grow more grain, if possible, than ever before. Not merely for the sake of accumulating more duce sells for three times as much money as it did before the war, but that those at the front shall not suffer

If you are engaged in a non-essential industry and have been blessed Stamps and Liberty Bonds.

If you are a laborer, it is your patder, ole days to a week.

Anything less than this will brand you as a slacker, and by your deeds you will be judged.
