Mr Newton and I went down to the Today I had to go just outside the American Red Cross canteen at Gare city gate on the other side of the city, de Nord at 9 o'clock. Found a num- You know Paris, as great a city as it ber of the Red Cross folk there They is has a great wall and most all the left soon after, and others came in way round it, and you have to pass in Only a few straggling refugees came, and out guarded gates. As we were in that night. It was a very interest coming back we came to a railroad ing sight part of the time to see four crossing and found the gates down of the five American women sitting Soon a train came along. We first saw around smoking digarettes and play French soldiers. They smiled and ing cards with a pancake faced young pointed at the other cars. In them we fellow with an aviation suit on For san car load after car load of German once I would have been entirely dis prisoners, coming from the front. We gusted with American woen had it cheered and laughed, but those not been for one girl from Massachus. Broches didn't laugh a bit Most of etts who was a real lady. They were the Germans are very glad however. all Red ('ross workers, but she attend to be taken as it ends the war and

April 13, 1918 We are seeing things right along. We had a real air raid last night now The bombardment of Paris still Long before you get this letter you continues and last night, to add to it, will have read all about it in the daily we had an air raid at three in the papers, but not as we saw it I was morning First we heard the stren just finishing your letter last night whistle and the other whistles blowing when I heard two heavy explosions in Suddenly the electric loghts went out Paris and then heard the siren whistle and then we heard the boom of the -the danger signal I finished the let anti-aircraft guns as they began their ter right quick and went out. We are barrage fire in an instant a group of a little too far away to hear the bargendarmes rushed down into our can-rage guns, but could see the flashes teen and told every one to follow them like sheet lightning and see the specks to the subway. All of the refugees of light as the shrapnel burst high in and some of the workers went. Mr the air. That mixed with the search-Newton rolled himself up in a blanket lights following the enemy machines and was soon asleep. I went with the and the numerous great flashlight sigcrowd to see them in the subways then nais from almost anywhere, was inwent up into the open space in the deed an interesting sight. But we street in front of the railway station had an even more thrilling one than to see the fun. All I could see was the that. A Belgian air-plain came right flash of the barrage guns around the across the road from where we stood edge of the city and the little specks As soon as the signal was heard a numof light flacking as the charpel burst ber of bright lights at regular disaway up in the air. For some time tances sprang into existence and they this went on with quite an uproar at turned on one mighty searchlight A distance and then it ceased. The that lighted their whole aviation field. murderers had been turned back. In in a little while I could hear the fasta little while the cannonading began scout planes as they whirred away again with renewed vigor and very and then by the greater sound we much nearer. When we heard a very could tell that the big heavy battle much heavier boom boom seeming planes were going too hach airplane to come in our direction then we all had a green with under each wing so took to cover it seems that one or that it could not be seen from above Abouther, you will find Balls two of the enemy machines got through it, and a bright white light in front the barrage and dropped several that could be turned into a searrhlight

Inquiries Will be Answered Promptly

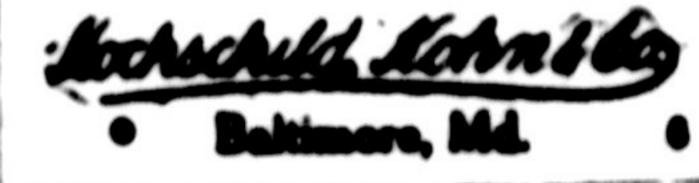

¶One of the advantages which customers who shop by mail appreciate most is a prompt answer to their inquiries.

9 Baltimore's Best Store, through its Mail Shopping Service, aims to give its out-of-town customers the same courteous and prompt attention which we extend to those who make their purchases in person.

9 So, if you desire any information as to the descriptions and prices of any merchandise in our stocks, write us, and we will answer your inquiry promptly.

If samples of materials are desired, state the fabric, color, and the price you may wish to pay-in that way, we can send you those nearest to your description. If you ask for suggestions as to materials and colors most in favor, we will gladly give you the information.

more's Best Store the logical place d which to do your shopping by
