What will it matter by and by Whether, unhelped, I toiled alone, Dashing my foot against a stone. dissing the charge of the angel nigh, Bidding me think of the by and by ?

What will it matter by and by Whether with laughing joy I went Down through the years with a glad content, Never believing, nay, not !, Tears would be sweeter by and by

What will it matter by and-by Whether with cheek to cheek I've lain Close by the pallid angel, Pain, Soothing myself through sob and sigh, "All will be elsewise by-and-by?" What will it matter? Naught, if I

Only am sure the way I've trod, Gloomy or gladdened, leads to God, Questioning not of the how, the why. If I but reach Him by and by?

What will I care for the unshared sigh, If, in my fear of slip or fall, Closely I've clung to Christ through all, Mindless how rough the path might lie, Since He will smooth it by and by?

Ah! it will matter by and by Nothing but this: That Joy or Pain Lifted me skyward, helped to gain, Whether through rack, or smile, or sigh. Heaven-home-all in all, by-and-by !

-When Prince Bismarck gives one of his political parties, the guests are first shown into a room where they find the Princess and her daughter, whose betrothed died last year. There also are two or three lady friends, who assist the Princess in reciving the deputies, as she herself goes out very little, being so engrossed in assisting her husband that her personal acquaintance with his political another room they find the Prince, always in full uniform. He shanks hands knows less; and bows to those with whom large, comfortable apartment, full of timore. lounges and convenient little table. There, when all have arrived—the party begins about nine—he joins them and

The English Laborer says there are plenty of farms on which the damage done by ground game is nearly equal to the whole labor bill." a great many more.

-A new and destructive enemy of the oyster has been discovered. The Pitts burg Telegraph says: Yesterday Colonel Fricker was startled by a cry from one of his men engaged in opening oysters, and hastening to him he saw him holding a large open oyster shell at arms' length. Inside of the shell was something that was more animal than fishy looking.

The oysterman was about to throw it from him, when the Colonel caught his hand, and the strange creature, which measured about two inches in length, was turned from the shell into a saucerful of alcohol. The animal very much resembles what is commonly called a water dog, except that it has no feet. The head resembles that of a catfish, with a large population of the region is rapidly inmouth fall of fine teeth. Just back of its head are two large lobes, which give supporters is of the slightest. Passing to it a little the appearance of a small bull-

-The fastest time across the Pacific has been made by the Occidental and The gilded youth of to-day had better Oriental steamship Oceanic. The ship make the most of their battues this season, arrived unexpectedly at San Francisco for it does not look as if they would have on the 26th ult., fourteen days and fourteen hours from Yokohama, beating by twenty-one hours the time of the City of Peking of the Pacific Maill line, on a recent trip, which up to that time had been the best across the Pacific. The rivalry between these two lines is now being pushed to the extreme, and their steamers are forced to carry freights at ruinous prices. Flour is carried at from \$3 50 to \$4 per ton, a rate very much less than from this port to Europe, while the distance and cost of carrying is very much greater. It is becoming a life and death fight between the lines.

> -The Black Hills country is looking up. Frequent reports of rich gold discoveries are coming from there, and the creasing. Experienced miners from all sections of the country, prepared for a long siege with all the implements requisite for effectual mining, are establishing homes there with a view of staying. The Omaha Bee is authority for the statement that, should the quartz deposits prove as remunerative as the assays so far seem to indicate, the Black Hills will be a more prosperous mining district for several years than any in the country.

- The Assembly of Maryland, in the year 1639 passed a law in reference to the measurement of a barrel of corn which at or before the 15th day of October it any year, shall be twice shaked in the barrel, and afterwards heaped as long as it shall lie on; and at or before the Feast shaked and filled to the edge of the barrel, or else not shaked and heaped as before; after the said feast it shall not be shaken at all, but delivered by strike."

-Leonard Harper Johnson, of Virginia, has devised a new religion, based on a new Bible of his own composition. This pretended revalation of divine will constitutes him a high priest, with a right to claim one tenth of the income of his followers, and to have as many wives wives, but no other followers as yet, alhe preaches his doctrines equally.

STORY, SKETCH AND FAMILY PAPER

as is well known all over the United States

It is published weekly, contains eight large

pages, clearly printed on good paper, filled

with the choicest stories and sketches by the best writers; not sensational trash, but such

as a mother is willing to have her children read. The whole tone of the paper is pure and

It also contains Historical and Biographical

articles; Scientific; Agricultural and House-hold Departments; Fashion Article weekly,

fresh and unexcelled; Humorous Notes; Lit

erary Reviews; News Notes; Boys' and Girls' Columns; and Strong and Sparkling Editori-

als, etc., etc. Is just such a paper as every-
