kept at a distance from the care. Furnished at the lowest possible rates. Store in former Union Hotel and Warehouse

in yard of same. Also Plaster and always keep on hand the best quality of Lump White Wash Lime Garden and Field Seeds always on hand in season. Also Agent for the Sweepstakes Thrasher,

which I offer to the farmers of Howard County

Respectfully, DAVID SPRECHER

Poplar Springs, Howard Co., Md.,
March 6, 1877.

Mr. David Sprecher—Dear Str: In a full
and fair trial with Buckeye, Champion, No. Wheeler and World Reapers on our farm machine. Table Rake far excelled all others in delivering the grain. It delivers on the side out of the way a straight and compact sheaf as good as any hand rake; no waste in handling the sheaf after it is bound, which no other Self-Rake that we have ever seen would do. After twenty years' experience with machines and through trial last harvest with the Buckeye in wheat, rye, oats and grass, from the manner in which it did its work, lightnese of draft and managed so easily when in motion, we do not hesitate in recommending

it to farmers as the best machine now in use Yours Respectfully, TRACEY & WHALEN. WEST FRIENDSHIP, HOWARD Co.,

January 25, 1877.

Mr. D. Sprecher—Dear Sir: In answer to your inquiry as to the comparative merits of the Buckeye and Champion Reapers, I hesitate not to say that after a full and satisfactory Murder Case Removed. The trial of both, I pronounce the Buckeye the case of James Maloney, indicted for the best machine I have ever handled; and that

better work.
Respectfully Youre,
G. W. LEISHEAR.

GLENELO, HOWARD Co., MD., July 10, 1876. Mr. D. Sprecher: It gives me the greatest pleasure to state that the Buckeye Reaper,

chine can be in excellence. I advise my

brother farmers to buy a Buckeye. Yours Truly, ENOCH SELBY.

Mr. D. Sprecher—Dear Sir: I bought a combined Champion Reaper for the harvest of 1875 and was pretty well pleased with it un-til I saw the Buckeye perform in its contest with the Champion on the farm of Mr. David improved by a fine dwelling, barn and the usual outhouses, to Geo. W. Cole, for so satisfied of its superiority over the Champton that I traded with you for the combined ion that I traded with you for a combined Buckeye Table Rake Machine. I am still of the same opinion and pronounce the Buckeye the best machine in use as far as I know. It cuts clean and delivers in nice condition on the side, with no tangle, and any binder can make a nice sheaf with no preparatory labor, which will not scatter the grain in gathering. Fewer binders can do as much and better work. I also like it as a front cut. It is a light draft, durable, easily managed machine. Both as a Reaper and Mower it pleases me. As a saver of grain and labor it must win the favor of the farmer.

Yours Truly, RICHARD VANSANT, Mt. Airy. Carroll County, Md.

Mr. D. Sprecher-Dear Sir : 1 am much pleased with the combined Table Rake Buckeye Reaper and Mower bought from you. In my opinion it is the only machine that gives the farmer full value for his money. It saves money, because it causes no loss of time in the harvest field, and it cuts and gathers the grain clean, and the sheaves made from it do not scatter the grain in gathering and they are in nice condition for shocking and stacking. It saves labor, as three binders can do as much and better work after it than five can after any other machine. It is the strongest light draft machine made and is more at command of the driver by use of levers, both to suit all kinds of grain and to regulate the size of the sheaf than any other. It cuts six feet and yet is easily worked by two horses. As a Mower it is all that a farmer needs. I like it also as a front cut, I would have no other. For safety, service, saving of grain and labor, easy management of the machine, and comfort both to man and beast, I heartily commend the Buckeye.

JOHN W RHINE.

MOUNTAIN VIEW, HOWARD Co., Feb. 6, 1577. Mr. D. Sprecher—Dear Sir: The combined Buckeye Reaper and Mower with Table Rake Attachment, bought from you, gives entire satisfaction. I believe it to be the best in use, both as a Reaper and Mower, and the Table Rake side delivery is surely far the best for making good bundles that I have seen or heard of, and I think it cannot be improved. It delivers the bundles on the side out of the way without a particle of tangle underneath and ornament can suggest are fast cradi-cating the traces of premature decay late residence of said deceased, at 10 o'clock bles them to make nice sheaves and clean work. In some of the worst down and tangled wheat I have ever seen it went right through cutting smoothly and delivering in good shape. It delivers in good order the tallest wheat, rye and oats, as well as the shortest, and also grain leaning from the ma-chine. In every respect, as a harvester of grain or as a mower, I deem it perfection and one Two Horse Spring Wagon, one Pamily Carriage and Harness, one Top Buggy and Harness, one Horse Cert and Harness, two durable, and I know it to be of light draft, full Setts of Blacksmith Tools. Also, easy on the horses and so easily managed by use of levers (with nothing stashing around the head of the driver like the Champion Rake) that a boy can drive and at the same time lower or elevate the bar and guards to suit light or heavy or down wheat and stop the rake at pleasure, making the sheaves of

> Respectfully Yours, JAMES S. RIDGELY

> > FEB. 12, 1877.

Mr. D. Sprecher-Dear Sir: The combined Reaper and Mower bought from you is all right, and I have never made a purchase that pleased me better. It gives me pleasure to commend it as superior to all other machines for many reasons; among which are—lightness of draft, durability, easily managed by the driver to suit short or tall, down or upright grain and I also like it as a front cut macnine. But its crowning perfection is the Table Rake, which delivers the bundles on the side in the very best condition free from taugle, and is thus a labor and grain saver. After a full trial I think, both as a Reaper and Mower it can-not be beaten. I heartily indorse the Buckeye.

Yours, &c., JUSEPH SMALLWOOD, "Locust Grove," Howard Co., Md ELLICOTT CITY, Aug. 24, 1976.
