A very pretty story comes to us from Paris, on the authority of one of its most respectable journals, the Gaulois. Mile. Heilbronn, it appears, was lately fulfilling an engagement at Moscow, and having heard of a gypsy band in the suburbs, who were reported to sing remarkably well, she accompanied by MM. Milioutine, Tarnowski, Waltz, the tenor Corsi, and the baritone Strozzi, went to hear them. The Bohemians sang, accompanying themselves on seven-stringed guitars, | F Stands in the front rank of first-class Maand so well that the distinguished French prima donna was perfectly lost in wonder and delight-so much so that she asked to have most of the pieces repeated, and, and being freer from petty and annoying to crown it all, went up to the leading perplexities. female vocalist, and, throwing her arms round her neck, kissed her. "Who is that lady ?" asked the latter; and on M. ! Tarnowski replying that she was "Mlle. Heilbronn, the star of the Italian opera,"

"We have often heard of her," returned the gypsy, "but unhappily we cannot go to hear her, as we have to perform every evening. Ask her to sing us something. She looks amiable and goodnatured, and I am sure she will consent." Mile. Heilbronn acceded to the wish, and, sitting down to the piano, gave in French the song of Morgotin, by Lulli. The effect on the gypsies was indescribable: they were all ears, and appeared not only to understand the music, but the sense and the words. Mile. Heilbroun sang again, and received an enormous ovation. The two Italian singers followed the example of the dica, and the evening, which had commenced with the simple air of the gypsies, ended by becoming a real concert given by the three artistes of the Italian opera.

POPLAR SPRINGS, HOWARD CO., MD., March 6, 1877 Mr. David Sprecher-Dear Sir: In a full and fair trial with Buckeye, Champion, No. 6, Wheeler and World Reapers on our farm last harvest, it was the unanimous opinion of all present that the Buckeye was the best machine. Table Rake far excelled all others in delivering the grain. It delivers on the side out of the way a straight and compact sheaf as good as any hand rake; no waste in handling the sheaf after it is bound, which no other Self-Rake that we have ever seen would N. January 25, 1577.

Mr. D. Sprecher-Dear Sir: In answer to your inquiry as to the comparative merits of the Buckeye and Champion Reapers, I hesitate not to say that after a full and satisfactory FERTILIZER AGENCY I trial of both, I pronounce the Buckeye the best machine I have ever handled; and that both as a Reaper and Mower, the Buckeye has, perhaps, no equal, and surely no superior. The Table Rake delivers the bundles perfectly straight or as near so as can be done, and it saves at least one binder and enables them to do far better work

July 10, 1876. Mr. D. Sprecher: It gives me the greatest pleasure to state that the Buckeye Reaper, with Table Rake Attachment, bought from you, far surpasses all that I had hoped for, both in reaping the grain and delivering the sheaf. Such is the excellence of the Rake that three binders can do as much as five after any other machine and do far better work. For simplicity of construction, lightness of For simplicity of construction, lightness of draft, and evident durability, it cannot be excelled. In my opinion it is all that a machine can be in excellence. I advise my brother farmers to buy a Buckeye.

Yours Truly, ENOCH SELBY. P. S .-- Hay, Straw, Corn Cattle, &c., Mr. D. Sprecher -- Dear Sir: 1 bought combined Champion Reaper for the harvest of 1875 and was pretty well pleased with it un-til I saw the Buckeye perform in its contest with the Champion on the farm of Mr. David so satisfied of its superiority over the Champ-ion that I traded with you for a combined ON THE EUROPEAN PLAN, Buckeye Table Rake Machine. I am still ef the same opinion and pronounce the Buckeye the best machine in use as far as I know. It cuts clean and delivers in nice condition on the side, with no tangle, and any binder can make a nice sheaf with no preparatory labor, which will not scatter the grain in gathering. Fewer binders can do as much and better work. I also like it as a front cut. It is a light draft, durable, easily managed machine. Both as a Reaper and Mower it pleases me.

grain clean, and the sheaves made from it do not scatter the grain in gathering and they are in nice condition for shocking and stacking. It saves labor, as three binders can do as much and better work after it than five can after any other machine. It is the strongest light draft machine made and is more at command of the driver by use of levers, both to suit all kinds of grain and to regulate the size of the sheaf than any other. It cuts six feet and yet is easily worked by two horses. As a Mower it is all that a farmer needs. I like it also as a front cut, I would have no other. JOHN W RHINE. MOUNTAIN VIEW, HOWARD Co., Feb. 6, 1877.

Mr. D. Sprecher-Dear Sir: The combined Buckeye Reaper and Mower with Table Rake Attachment, bought from you, gives entire satisfaction. I believe it to be the best in use, both as a Reaper and Mower, and the Table Rake side delivery is surely far the best for making good bundles that I have seen or heard of, and I think it cannot be improved. It delivers the bundles on the side out of the way without a particle of tangle underneath and saves at least two binders as well as enables them to make nice sheaves and clean I will dispose of at the lowest market price.

It delivers in good order the tallest wheat, rye and oats, as well as the shortest, and also grain leaning from the machine. In every respect, as a harvester of grain or as a mower, I deem it perfection and would have no machine but a Buckeye. This I say after testing it fully. I believe it to be durable, and I know it to be of light draft, easy on the horses and so easily managed by use of levers (with nothing stashing around the head of the driver like the Champion Rake) that a boy can drive and at the same time lower or elevate the bar and guards to suit light or heavy or down wheat and stop

For something to turn up," and we have at last decided to turn it up. The protracted warm spell has materially interfered with the CLOTHING BUSINESS of Baltimore. Hundreds of Thousands of Dollars worth, which seasonable weather would have sold, remains on Shelf and Counter. It is usual in most business houses to make reductions after the season of demand is over. We have decided to take time by the forelock and make those reductions NOW. Hence our entire stock has been marked Down, Down, DOWN to an
