law of nations respecting the inviolabili- and show him up in his true light. ty of national territory perfectly well to be carried over the Falls of Niagara, tism, in which crime-begrimed miscreants composed of a number of generals who division of the Protestant Episcopal upon the plea that she had been, and was, were maintained in power by bayonets. engaged in the service of revolutionists who were aiding a rebellion in that British of these things will give Grant caste in is the mere executor of the will of this province. This act of invasion of our the aristocratic circles of Europe, and body. It cannot be denied that he posterritory was avowed by the home Government of Great Britain as a national an act of self-defence. But when it came ter houses and the insufferable stench of the natural incapacity of the commander- wick, Columbus, Bladen, Sampson, afterward to be a subject of remonstrance rnw hides, qualified him for work which in-chief, in this respect, must be added Wayne, Wilson, Nash, Halifax and Northerament, Mr. Webster obtained from Lord Ashburton an apology for it, and a substantial acceptance of the principles on which he claimed that we were entitled to that apology.

It is worth while to reproduce now the exact limitations which Mr. Webster last down to the right of pursuing offenders into the territory of a friendly peachment. It were better to let such well as to individuals, and is equally But he said that while the extent of this right was a question to be judged of by the circumstances of each particular case, yet when its alleged exercise has led to England, it says: the territory of a power at peace, "noth- what the judgment of posterity. As he is now Danube." The Times, in its leading aring less than a clear and absolute necesing sity can afford ground of justification." legarded in European countries, so doubtless, he will stand in history, when the bitterness fortune of war will be adverse to the question will be fully discussed at Charsity can afford ground of justification." cessity of self-defence, instant, over- his real character are better understood, whelmning, leaving no choice of means, and no moment for deliberation." In the President's message to Congress, which Mr. Curtis, in his life of Webster, claims to have been written by him for Mr.

Tyler, Mr. Webster said: "To recognize it as an admissible practice, that each Government, in its turn, upon any sudden and unauthorized outbreak on a fron tier the extent of which renders it impossible for either to have an efficient force on every snile of it, and which outbreak, therefore, neither may be able to suppress in a day, may take vengeance into its own hands, and without even a remonstrance, and in the absence of an pressing or overruling necessity, may invade the territory of the other, would incvitably lead to results equally to be deplored by both. When border collisions come to receive the sanction, or to be made on the au-

Does the Administration of Mr. Hayes, in its relations with Mexico, intend to tread in the feotsteps of President Tyler, or in those of President Polk? The latter plunged us into a war with Mexico, knows the position of a soldier. Old tors would hardly undertake to tear up Philadelphia to New York yesterday, by authorizing an invasion of her territory before any war had been declared. The object was to provoke a war in order that it might be prosecuted for the acquisition of more territory, in the interest of a further extension of slavery. The present Administration has authorized the American commander on the Mexican frontier to use his own discretion in crossing the line with a military, in pursuits of cattle stealers. What is this but conducting border collisions on the au-!hority of Government? What is it but to enable a military commander, at his own pleasure, to commit acts of violation of national territory, which our own Government has said that no self-respec-

It is quite possible that Mr. Hayes and his advisers may think that a war with a power so comparatively feeble as Mexico would divert the attention of the country from the nature of Mr. Hayes's title to the office which he is exercising; and as it would in probability lead to a further In the army there's sobriety, promotion's very extension of our boundaries, besides furnishing an excuse for an augmentation of the army, the danger is one that should lead the people of this country to keep a watchful eye upon every step that is taken. would be a kind of godsend to this Administration to be able to summon Congress with a sudden announcement that war exists with Mexico," in imitation of President Polk; and there is not a man No more he'll drink petite Coquille at Benny among them of sufficient principle to make him hesitate at anything that may lead to such a result.
