DAYS.	their own importance, that they often forget not only the courtesies which are expected from themselves as gentlemen; but their equals in every respect, and in many vastly their superiors. There is probably nothing more offensive to a gentleman of sensitive feelings and well-times assumed by persons with whom he is forced into contact. There are too many public officials, who seem to be imbued with the belief that rudeness is necessary to maintain what they are pleased to term the dignity of their position," and that arrogance is a sure indication of greatness. We should be sorry to think that Mr. Conkling belongs to this class,
