HENRY C. HALLOWELL, CHARLES ABERT, Committee.

HOWARD COUNTY, March 26, 1878.

MESSES. EDITORS: I write to-day from mid-winter, had the letter been dated Saturday it would have been from midsummer. This Menday morning ----succeeding a March Sunday, the thernometer at 20 degrees above Zero after entries, the peach trees generally were udding and blossoming; but report omes to me of the entire destruction of the fruit germs. I will make a close examination of my trees and report to ion. The change is a serious interrupion to farm work; plows were running, teams were busy; we were fairly into the spring battle, this week would have been at seeding week with a good many, but ble. the frost blockade has suspended cultithe general financial depression and the severity of the pressure upon the farmer the fifth district and the county generally is rapidly being improved. I notice that ven woodlend and old fields are being have it to use.

PUBLIC ROADS.

public edterprise, especially in the mat- pour over buttered to ist. ter of road making. Upon the whole the condition of our roads is improving and those who have contributed to the work deserve the grateful acknowledgment of winter travel, several months in the year quire. This should be done as soon as indigestible. THE report of the Sandy Spring Sav- the frost is out of the ground and the in mid-summer or in the fall. The proper should feel encouraged at the progress we the wrong .- Johnson. are making in this matter, a large share of the credit for which is unquestionably due to our able Board of County Co.n-VERO. missioners.
