The enticing weather of last Sunday coaxed many Baltimoreans, including us, to seek the beauties of our world famed "Druid Hill Park." Never have we spent a more delightful evening; we wandered along its winding paths and smelt of the of its silent dells where the dead leaves I noticed an unusually handsome plant with whom he has had transactions: cracked beneath our feet and the timid hars bounded away in fright; laid in the shade of rugged time bruised trees and feeding upon the spring grass, and listened to the music of their bells and watched the quick motion of the horses as they swept by, drawing the handsome equippages, filled with happy occupants. Standing on Prespect hill, we looked down upon the little city of Woodberry, that in the "Manuel." It would require years beginning at the base of the hill, spanned the little stream that rippled through the Within the confines of Grant county, the the opposite hill. We see rows of little brown tenant houses; long lanes shaded by rows of trees, whilst dotted here and there are houses of brick and stone, whose the valleys along the streams are comyards are full of green grass, budding pletely covered with it, to the seclusion 'Can you name so trees, and sweet smelling flowers. Way of all other weeds. The plant attains the you have supplied? off to our right lies the great reservoir, height of twelve feet with flowering shining like a great piece of burnished heads nearly the size of the common sungreat factories, silent on the Sabbath, a only mentioned some of the commonest day, to leap in roaring blazes and start There are two species of Agave common, the ponderous machinery. > Scribner for May is the medium of introducing to its readers eight new draughtsmen, from the ranks of the painters, viz : F. E. Church, S. R. Gifford, H. W. Robbins, L. DeForest, Will. H. Low, Frederick Dielman, J. Alden Weir, and Walter Francis Brown, most of whom have contributions in the present National Walter Shirlaw, Kelly, Moran, Bolles, Reinhart, Vanderhoof, Riordan, Schell, Turner, Davidson, and others. Among the engravings of this number are two by many others of the leading American engravers.

The opening paper, Merry Days with Bow and Quiver, is by Maurice Thompson, the archer-poet, whose paper on Archery last year in this magazine brought him nearly five hundred letters of inquiry. The present paper, which is the outgrowth of the increasing interest in this sport, is account of an unique shooting-match between Gen. Lew Wallace's rifle team and Mr. Thompson's archers, in which the latter came off vistorious. Another illus-
