Indeed, the little atom of life comes and ginia, and the Tuesday next after the first goes with the rapidity of a gnat or a dra-

gon fly. Audubon tells us that the small bill reorganizing the life-saving service eye for more than fifty yards. A person was passed. The tariff bill was further standing in the garden will hear the humming of their wings, and see the little birds themselves within a few feet of him at one moment; the next, they will be out a motion to strike out the enacting clause of sight and hearing. Could tell us that gnat or a butterify. It often mounts up the towering trees, and then shoots off like a litle meteor at a right angle. At At Jerome Park, N. Y., yesterday, the other times it will gently buzz among the flowers upon the ground. The next moment it is hovering over a diminutive weed, and then it is seen at a distance of Wallace has devoted a considerable water. The buildings and grounds period to minute study of the habits which can be still further enlarged of the humming bird, and has come and improved, if necessary, make cestor' but retaining its old characteristrue that the humming bird lived solely on the nectar of flowers; but since then it has been ascertained beyond all possibility of doubt that it feeds largely, and in some cases wholly, on insect. The birds have been seen in winter picking dead flies out of the webs of spiders. Bullock, in Mexico, and Waterton, in New

Guinea, saw them catch small butterflies. and found their stomachs filled with small insects. Those who have watched their habits have observed them sitting like fly-catchers on a twig, darting off, and returning. Mr. Goss, one of our most accomplished naturalists, tells us that all the humming birds have, more or less, a habit when in flight of pausing and quickly turning in the air. "That the object of these quick turns," he adds, " is the capture of insects I am sure, having watched one thus engaged pretty close to me. I observed it carefully, and disscarcely disturbed it at all." Moreover, it seems that, however long may be the words, a pure aerial insect-hunter, and with any promise of protection or reward that its short, broad bill, and wide gape Va., spoke against the Texas and Pacific humming birds, on the other hand, are floral, insect-hunters. They seek their prey among the gorgeous masses of creep-

crumbs; but his real delight is in a cater-

Eliza Ann Waters

Nathan C. Webb and others, In the Circuit Court for Howard County.

In Equity. The object of this suit is to procure a decree for a sale of certain Mortgaged premises situsted in Howard County, which were on the 25th day of February, 1864, Mortgaged by William A. Webb, late of Howard County deceased, to the complainant.
The bill states that on the 25th day of Feb-

ruary, 1861, the said Mortgagor conveyed to the complainant the premises referred to in the bill, and described in an exhibit accompanying the same, to secure the payment to her of the sum of two thousand and fifty dollars, with interest from said date on the 25th day of February, 1867, that there is a balance due upon said Mortguge of two thousand dollars with interest from 25th day of February, 1872; that the said William A. Webb has departed this life leaving a last will and testa-ment by which he devised the said Mortgage 1 premises to his wife Frances Webb, for and during her life, and at and after her death a portion thereof was devised to William A. Webb, Jr., a portion to John Webb and a portion to Nathan C. Webb, sons of the said testator. That the said William A. Webb has departed this life leaving a widow and three infant children, and that the said John Webb has also departed this life leaving a widow and three infant children, and that the said John Webb has also departed this life leaving a widow has also departed this life leaving a widow and infant child, and that the said Nathan C. Webb resides out of the State of Maryland. It is thereupon this 18th day of May, 1578, adjudged and ordered that the complainant by causing a copy of this order to be inserted
