SPECIAL OFFER. THE NEW YORK WEEKLY WORLD,

AN EIGHT-PAGE NEWSPAPER, Will be sent (postage prepaid) From Now Until January 1, 1879,

TEN CENTS 747 This Special Offer is made to enable the Southern people to see for themselves how good a paper THE WORLD is and how worthy it is of their support.

On the 1st of May, 1876, the ownership and control of THE WORLD passed into the hands of the undersigned, under whose absolute and untrammelled direction THE WORLD has ever since remained and now remains.

During the whole of this time THE WORLD has labored patiently and perseveringly for the accomplishment of two great objects in polities of paramount interest to the Southern

people.

1. The restoration of Local Self-Government at the South.
II. A Real Reform of the Civil Service, in 11. A Real Reform of the Civil Service, in-such wise as to destroy the political machines under the operation of which it has come to pass that the people are taxed to support po-litical parties, whereas political parties—have no other reason of being except to lessen the burdens of government.

The first of these objects has been trium-phantly accomplished. All intelligent North-ern men now admit that all parts of the country were as deeply interested as the South in seeing it won. A corrupt and anti-Democratic government in the South was a permanent peril to the ascendency of true American principles in the Federal Government and therefore to the peace and honor of the whole

The second political object for which THE WORLD contends still remains to be fully achieved. The actual Administration began its career with excellent promises in this dir ection of which it is sufficient to say that the have been as yet only in part redeemed. THE WORLD for its part will resolutely support any honest effort to redeem these promises fully, by whomsoever made, and will as resolutely denounce every obstacle thrown in the way of redeeming them, from whatever quar-It seems to the undersigned eminently pro-

per that he should ask the cooperation of the best men of the South with THE WORLD in its efforts to carry out the policy here outlined. He believes THE WORLD to be a paper which Southern citizens and Democrats can recommend to Southern readers as an influence worthy and important to be brought to bear with constantly increasing power upon the conduct of our national affairs, in the interest of truth, of justice and of harmony among our people of all sections.

It is my desire to keep THE WORLD in a living relation with the best thought of the South, to the end that the best ideas, wishes South, to the end that the best ideas, wisnes and feelings of the Southern people may be clearly and fairly made known to the North, the East and the West. Alike in private and in public affairs the misunderstanding of men by one another lies at the root of so much and that the word itself has some to be a evil that the word itself has come to be a evil that the word itself has come to be a synonym with quarreling and strife. It was a wise saying of Lord Elgin, at the time of one of our sharpest disputes with Great Britain, that two intelligent gentlemen alone on a raft in the Atlantic with plenary powers could adjust the whole matter honorably in an hour. THE WORLD simply asks its friends at the South to aid it in bringing about a complete meeting of minds on all public questions between the intelligent citizens of all parts of tween the intelligent citizens of all parts of
