Warranted genuine, and direct importation into the United States by Mr. J. J. Barril. We respectfully call the attention of Dealers and Farmers to our stock of Peruvian Guano, of which we have purchased a large quantity from Mr. Barril. This Guano has been pur-chased from the Peruvian Government, in Pern, loaded there from their deposits, and brought directly into the United States, as the Records of the Custom House will show. In virtue of an existing law and agreement between the Peruvian Government and the Company that has contracted for the consignment of Guano in the United States, Guano can be purchased there for the United States by paying the price established.

The Guano we offer for sale was purchased

in accordance with established rates, and was shipped by the Company who send all Peruvian Guano to the United States, they transferring the Bills of Lading to the purchaser, hence we guarantee the genuineness and puri-ty of the Guano we offer for sale to be equal in all respects to that offered by any house in the United States, the Agents not excepted. Chronic Ailments,

The proper treatment of chronic cases of disease requires a thorough knowledge of physiology and pathology. Such knowledge is not attained by study alone but by years of experience. We have in this city a physician who has, during the last four or live years made many remarkable cures, and those treated say that for all torms of chronic disease no doctor in Baltimore is more competent and uniformly successful than Dr. UNDERWOOD, of No. 106 West Fayette street. He cures can-cers without the use of the knife, and removes tumors by electriclysis. His electri-col instruments are of the latest improvement, in fact one he has had manufactured with some improvements according to his own device. The doctor is a physician and a gentleman, and any one calling on him can depend on his judgment and skill—From Saturday
