"Ammoniated Bone Super-Phosphute," " Pure Dissolved Bones."

ESTABLISHED 1828. TO WHEAT GROWERS.

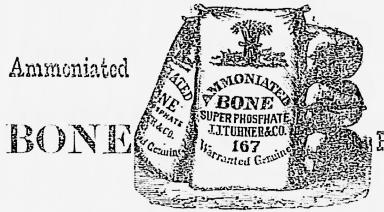

1870

Forming the most concentrated, universal and durable FERTILIZER ever offered to the Farmer-combining all the stimulating qualities of Peruvian Guano and the ever-durable ferfainer—combining all the stimulating qualities of Peruvan Guano and the ever-dirable leftilizer properties of Bones in fine dry powder, prepared expressly for drilling, and can be applied in any quantity, however small, per acre. It is the opinion of many close-calculating Farmers, after TWENTY-ONE YEARS experience in testing it side by side with other popular fertilizers, that an application of 100 pounds of "ENCELSIOR" is equal to 260 pounds of any other fertilizer or guano, and therefore fully 100 per cent, cheaper.

Enformity of Quality Guaranteed by the Manufacturers.

Super PHOSPHATE

Composed of the most concentrated materials, it is RICHER IN AMMONIA AND SOLUBLE PHOSPHATES Than any other fertilizer sold, except OUR EXCELS!OR, and is made with the same care and supervision; uniform quality guaranteed. WHEAT SEEDING.

"Excelsior" & "Ammoniated Phosphate" Were originated, and since 1864 a member of the late firm of J. J. TURNER & CO., (dis-

solved 19th day of March, 1878) relying upon his experience and personal reputation, hitherto acquired in the uniform excellence of these FERTILIZERS as manufactured by him, offers them in his own name to the agricultural public.

Having secured the works of the old firm, 111 McElderry's Wharf, with the complete machinery, specially constructed for their uniform manipulation, he will continue the manufactures of

"EXCELSIOR" AND AMMONIATED PHOSPHATE works, where he will be pleased to see his friends and patrons, assuring them that the FERTILIRERS manufactured by him shall be of the same uniform and high standard quality as sold by the old firms since their introduction.

J. Q. A. HOLLOWAY,

The above are the most concentrated FERTILIZERS ever offered to the Farmer-combin ing all the stimulating qualities of Peruvian Guano and the ever-durable fertilizing preperties of Bones, in fine, dry powder prepared expressly for drilling in with the Grain—and it is the universal opinion of many close calculating farmers of Maryland and Virginia, after over twenty years' experience in the use of the Excelsior manufactured by me, that an application of 100 pounds is equal in its effects to 200 pounds of any other Fertilizer or Guano, therefore fully 50 per cent cheaper.

therefore fully 50 per cent cheaper.

With my present advantages and superior facilities for Manufacturing, I challenge competition with any Fertilizer sold in the United States in Quality, Mechanical Condition and price. By strictly adhering to my Original Formulas, using only the most concentrated materials, and, superintending in person their manufacture,—as for the past twenty years,

UNIFORM QUALITY IS GUARANTEED.

237 Farmers to secure the ONLY GENUINE EXCELSIOR AND PHOSPHATE, prepared according to my original Formulas established in 1858, should see that every Bag is branded as above, with the ANALYSIS and MY NAME IN RED LETTERS.
