J. J. TURNER & CO'S

"Excelsior,"
"Ammoniated Bone Super-Phosphate,"
"Pure Dissolved Bones."

ESTABLISHED 1825.

TO WHEAT GROWERS.

1858. | 1879.

Forming the most concentrated, universal and durable FERTILIZER ever offered to the Farmer—combining all the stimulating qualities of Peruvian Guano and the ever-durable fertilizer properties of Bones in the dry powder, prepared expressly for drilling, and can be applied in any quantity, however small, with safety. It is the opinion of many distinguished Farmers, after TWENTY-ONE YEARS experience in testing it side by side with other popular fertilizers, that an application of 100 pounds of "EXCELSIOR" is equal to 200 pounds of any other fertilizer or guano, and therefore fully 100 per cent. cheaper.

Uniformity of Quality Guaranteed by the Manufacturers.

See Farmers can be secure from inferior imitations by seeing that every Bag is branded with our Name and the Analysis in Red Letters.

TO WHEAT CROWERS.

Ammoniated BONE SUPER PHOSPHATE

Composed of the most concentrated materials, it is RICH in AMMONIA and SOLUBLE PHOSPHATES than any other fertilizer sold, except OUR EXCELSIOR, and is made with the same care and supervision as our guano, and is guaranteed. Fine and dry, in excellent order for drilling. We have also a very superior quality of

PURE DISSOLVED BONES.

And keep constantly on hand a large supply of high grade PERUVIAN GUANO.

WHEAT SEEDING.

ATTENTION FARMERS.

The undersigned PIONEER in the manufacture of FERTILIZERS in this city, and engaged, since 1825, first as a member of the firm of J. J. & F. TURNER, by whom the formulas and processes of manufacture of

"Excelsior" & "Ammoniated Phosphate"

Were originated, and since 1861 a member of the late firm of J. J. TURNER & CO., (dissolved 19th day of March, 1875) relying upon his experience and personal reputation, hitherto acquired in the uniform excellence of these FERTILIZERS as manufactured by him, offers them in his own name to the agricultural public.

Having secured the works of the old firm, III McElderry's Wharf, with the complete machinery, specially constructed for their uniform manipulation, he will continue the manufacture of

"EXCELSIOR" AND AMMONIATED PHOSPHATE

On his own account, with his office adjoining the works, where he will be pleased to see his friends and patrons, assuring them that the FERTILIZERS manufactured by him shall be of the same uniform and high standard quality as sold by the old firm since their introduction.

J. Q. A. HOLLOWAY,
Originator and Manufacturer of

EXCELSIOR No. 1 PERUVIAN GUANO
AMMONIATED BONE SUPER PHOSPHATE

The above are the most concentrated FERTILIZERS ever offered to the Farmer—combining all the stimulating qualities of Peruvian Guano and the ever-durable fertilizing properties of Bones, in fine, dry powder prepared expressly for drilling in with the Grain—and it offers twenty years' experience in the use of the Excelsior manufactured by me, that an application of 100 pounds is equal in its effects to 200 pounds of any other fertilizer or guano, and therefore fully 50 per cent. cheaper.

With my present advantages and superior facilities for manufacturing, I challenge competition with any fertilizer sold in the United States in Quality, Mechanical Condition and price. By strictly adhering to my original formulas, using only the most concentrated materials, and superintending in person their manufacture, as for the past twenty years,

EXCELLENCE IN QUALITY IS GUARANTEED.

See Farmers to secure the ONLY GENUINE EXCELSIOR AND PHOSPHATE, prepared according to my original formulas established in 1825, should see that every Bag is branded as above, with the ANALYSIS and MY NAME IN RED LETTERS.

Chronic Affections.

The proper treatment of chronic cases of disease requires a thorough knowledge of physiology and pathology. Such knowledge is not attained by study alone but by years of experience. We have in this city a physician who has, during the last four or five years made many remarkable cures, and those treated say that for all forms of chronic disease no doctor in Baltimore is more competent and uniformly successful than Dr. Underwood, of No. 166 West Fayette street. He cures cancer without the use of the knife, and removes tumors by electrolysis. His electro-instruments are of the latest improvement, in fact one he has had manufactured with some improvements according to his own device. The doctor is a physician and a gentleman, and any one calling on him can depend on his judgment and skill.—From Saturday Standard.
