The undersigned PIONEER in the manufacture of FERTILIZERS in this city, and engaged, since 1858, first as a member of the firm of J. J. & F. TURNER, by whom the formulas and processes of manufacture of

"Excelsior" & "Ammoniated Phosphate" Were originated, and since 1861 a member of the late firm of J. J. TURNER & CO., (dis-Were originated, and since 1861 a member of the late firm of J. J. TURNER & CO., (dissolved 19th day of March, 1878) relying upon his experience and personal reputation, hitherto acquired in the uniform excellence of these FERTILIZERS as manufactured by him, offers them in his own name to the agricultural public.

Having secured the works of the old firm, 111 McElderry's Wharf, with the complete machinery, specially constructed for their uniform manipulation, he will continue the manufacture of

"EXCELSIOR" AND AMMONIATED PHOSPHATE On his own account, with his office adjoining the works, where he will be pleased to see his friends and patrons, assuring them that the FERTILIRERS manufactured by him shall be of the same uniform and high standard quality as sold by the old firms since their introduction.

J. Q. A. HOLLOWAY,

The above are the most concentrated FERTILIZERS ever offered to the Farmer—combining all the stimulating qualities of Peruvian Guano and the ever-durable fertilizing preperties of Bones, in fine, dry powder prepared expressly for drilling in with the Grain—and it is the universal opinion of many close calculating farmers of Maryland and Virginia, after over twenty years' experience in the use of the Excelsior manufactured by me, that an application of 100 pounds is equal in its effects to 200 pounds of any other Fertilizer or Guano, therefore fully 50 there could be supported.

With my present advantages and superior facilities for Manufacturing, I challenge competitiou with any Fertilizer sold in the United States in Quality, Mechanical Condition and price. By strictly adherring to my Original Formulas, using only the most concentrated materials, and, superintending in person their manufacture,—as for the past twenty years,

UNIFORM QUALITY IS GUARAN FEED.
