WHEAT SEEDING.

The undersigned PIONEER in the manufacture of FERTHAZERS in this city, and engaged, since 1858, first as a member of the firm of J. J. & F. TURNER, by whom the formulas and processes of manufacture of

Excelsior'' & "Ammoniated Bhosphate'

Were originated, and since 1864 a member of the late firm of J. J. TURNER & CO., (dis-

were originated, and since 1861 a member of the late firm of J. J. TURNER & CO., (dissolved 19th day of March, 1878) relying upon his experience and personal reputation, hitherto acquired in the uniform excellence of these FERTILIZERS as manufactured by him, offers them in his own name to the agricultural public.

Having secured the works of the old firm, 111 McElderry's Wharf, with the complete machinery, specially constructed for their uniform manipulation, he will continue the manufacture of

"EXCELSIOR" AND AMMONIATED PHOSPHATE

On his own account, with his office adjoining the works, where he will be pleased to see his friends and patrons, assuring them that the FERTILIRERS manufactured by HIM shall be

of the same uniform and high standard quality as sold by the old firms since their introduction.

F. Q. A. HOLLOWAY, Griginator and Manufacturer of

The above are the most concentrated FERTILIZERS ever offered to the Farmer-combin

ing all the stimulating qualities of Peruvian Guano and the ever-durable fertilizing properties of Bones, in fine, dry powder prepared expressly for drilling in with the Grain—and it is the universal opinion of many close calculating farmers of Maryland and Virginia, after

over twenty years' experience in the use of the Excelsior manufactured by me, that an ap plication of 100 pounds is equal in its effects to 200 pounds of any other Fertilizer or Guano,

plication of 100 pounds is equal in its effects to 200 pounds of any other pertinzer or Guano, therefore fully 50 per cent cheaper.

With my present advantages and superior facilities for Manufacturing, I challenge competition with any Fertilizer sold in the United States in Quality, Mechanical Condition and price. By strictly adherring to my Original Formulas, using only the most concentrated materials, and, superintending in person their manufacture,—as for the past twenty years,

UNIFORM QUALITY IS GUARANTEED.

237 Farmers to secure the ONLY GENUINE EXCELSIOR AND PHOSPHATE, prepared according to my original Formulas established in 1858, should see that every Rag is branded

according to my original Formulas established in 1858, should see that every Bag is branded as above, with the ANALYSIS and MY NAME IN RED LETTERS.

GENERAL AGENTS FOR

THE SUPERIOR CRAIN DRILL,

35 Light Street, Baltimore, Md.

THE BEST GRAIN AND FERTILIZER DRILL MADE, THE ONLY DRILL HAVING A PERFECTLY ADJUSTABLE FORCE FEED for both Grain and Grass Seed. No change or coo which required to regulate the quantity sown per acre. It can be changed in an instant without stopping the team to sow any quantity desired. The motion of the distributor caps being the same for any quantity there is no bunching of the Grain. Its Fertizer attachment is the best in the world. First Premium at Maryland State Fair, 1878. We offer certificates from two of the most prominent and practical farmers of this State.

ELLERSLIE, BALTIMORE Co., January 2, 1879.

By J. C. Durborove—Dear Sir—"I have great pleasure in adding my testimony to the merits of the "Superior" Grain Drill which I bought from you the past season. I think it has fully sustained all the qualities you claim for it. The principle upon which it distributes the seed is the most perfect I have ever seen. It sows with great accuracy any amount that it is set for without bunching or making a balk in the whole field. It is strong and durable and works easy to the team.

"Fertilizer Attachment is the best I have ever used. Shaple, easily managed, never clogs, and sows with great regularity any amount required, in short, I think this Drill has carned the memy premiums awarded at the different Fairs the past reason.

"Very respectfully,"

Anthony Kennedy."

Marriottsville, March 6, 1879.

Marriottsville, March 6, 1879.

Marriottsville, March 6, 1879.

Marriottsville, March 6, 1879.

The "Superior" Grain Drill bought of you last season gave me entire satisfaction. It sows sider the "Superior" far ahead of any. It is light draft, easy to manage, and, in fact, is the very Drill every farmer should have because of its great case of adjustment.

We also have a fine line of CIDER MILLS, and all kinds of AGRICULTURAL IMPLEMENTS. Send for circular and price list to J. C. DURBOROW & CO., \$5 Light St., Baltimore, Md. J. N. MILLER, Agent for Howard County, Clarksville, Md.

Chronic Ailments. The proper treatment of chronic cases of disease requires a thorough knowledge of physiology and pathology. Such knowledge is not attained by study alone but by years of experience. We have in this city a physician who has, during the last four or five years made many remarkable cures, and those treated say that for all forms of chronic disease no doctor in Baltimore is more competent and no doctor in Battimore is more competent and uniformly successful than Dr. Underwood, of No. 166 West Fayette street. He cures cancers without the use of the knife, and removes tumors by electriclysis. His electrical in the cure of the street in the cure of the col instruments are of the latest improvement, in fact one he has had manufactured with some improvements according to his own device. The doctor is a physician and a gentleman, and any one calling on him can depend on his judgment and skill.—From Saturday
