Chronic Allments, The proper treatment of chronic eases of

disease requires a thorough knowledge of physiology and pathology. Such knowledge is not attained by study glone but by years of experience. We have in this city a physician who has, during the last four or five years made many remarkable cures, and those treated say that for all forms of chronic disease no doctor in Baltimore is more competent and uniformly successful than Dr. UNDERWOOD, of No. 166 West Fayette street. He cures can-cers without the use of the knife, and removes tumors by electriclysis. His electri-col instruments are of the latest improvement, in fact one he has had manufactured with some improvements according to his low hidevice. The doctor is a physician and a gentleman, and any one calling on him can depend on his judgment and skill.—From Saturday Standard. Jan. 25, '79-1y.

J. J. TURNER & CO'S

"Excelsior,"

"Ammoniated Bone Super-Phosphute," " Pure Dissolved Bones."

ESTABLISHED 1828. TO WHEAT GROWERS.

Forming the most concentrated, universal and durable FERTILIZER ever offered to the Farmer—combining all the stimulating qualities of Peruvian Guano and the ever-durable fer-tilizer properties of Bones in fine dry powder, prepared expressly for drilling, and can be ap-plied in any quantity, however small, beracre. It is the opinion of many close-calculating Farmers, after TWENTY-ONE YEARS experience in testing it side by side with other popu-lar fertilizers, that an application of 100 pounds of "EXCELSIOR" is equal to 200 pounds of any other fertilizer or guano, and therefore fully 100 per cent. cheaper. Uniformity of Quality Guaranteed by the Manufacturers.

Farmers can only be secure from inferior initations by seeing that every Bag is Branded with our Name and the Analysis in Red Letters.

TO WHEAT CROWERS. Ammoniated BONE SUPER PHOSPHATE J.J.TUHRER&CU. 167

Composed of the most concentrated materials, it is RICHER IN AMMONIA AND SOLUBLE PHOSPHATES Than any other fertilizer sold except OUR EXCELSIOR, and is made with the same care and supervision; uniform quality guaranteed. Fine and dry, in excellent order for drilling. We have also a very superior quality of

PURE DISSOLVED RONES. And keep constantly on hand a large supply of high grade PERUVIAN GUANO.

5. 5. TURNER & CO., 42 W. Fratt St., Baltimore.

257 For sale by JOHN T. HARDEY, Ellicott City, Md.

The undersigned PIONEER in the manufacture of FERTILIZERS in this city, and engaged, since 1858, first as a member of the firm of J. J. & F. TURNER, by whom the formulas and processes of manufacture of "Excelsior" & "Ammoniated Phosphate"

Were originated, and since 1864 a member of the late firm of J. J. TURNER & CO., (diswere originated, and since 1861 a member of the late firm of J. J. TURNER & CO., (dissolved 19th day of March, 1878) relying upon his experience and personal reputation, hitherto acquired in the uniform excellence of these FERTILIZERS as manufactured by him, offers them in his own name to the agricultural public.

Having secured the works of the old firm, III McElderry's Wharf, with the complete machinery, specially emested for their uniform manipulation, he will continue the manufacture of

"EXCELSIOR" AND AMMONIATED PHOSPHATE On his own account, with his office adjoining the works, where he will be pleased to see his friends and patrons, assuring them that the FERTILIRERS manufactured by HIM shall be of the same uniform and high standard quality as sold by the old firms since their introduction.

The above are the most concentrated FERTILIZERS ever offered to the Farmer—combining all the stimulating qualities of Peruvian Guano and the ever-durable fertilizing properties of Bones, in fine, dry powder prepared expressly for drilling in with the Grain—and it is the universal opinion of many close calculating farmers of Maryland and Virginia, after over twenty years' experience in the use of the Excelsior manufactured by me, that an application of 100 pounds is equal in its effects to 200 pounds of any other Fertilizer or Guano, therefore follows:

over twenty years expenses and sequal in its effects to 200 pounds of any other. The plication of 100 pounds is equal in its effects to 200 pounds of any other. With my present advantages and superior facilities for Manufacturing, I challenge competition with any Fertilizer sold in the United States in Quality, Mechanical Condition and price. By strictly adherring to my Original Formulas, using only the most concentrated materials, and, superintending in person their manufacture,—as for the past twenty years,

UNIFORM QUALITY IS GUARANTEED.

Farmers to secure the ONLY GENUINE EXCELSIOR AND PHOSPHATE, prepared according to my original Formulas established in 1855, should see that every Bag is branded as above, with the ANALYSIS and MY NAME IN RED LETTERS.

J. Q. A. HOLLOWAY, Originator and Manufacturer, Aug. 2-3m.
