# ATTENTION FARMERS.

The undersigned PIONEER in the manufacture of FERTILIZERS in this city, and engaged, since 1858, first as a member of the firm of J. J. & F. TURNER, by whom the formulas and processes of manufacture of

"Excelsior" \* "Ammoniated Bhosphate"

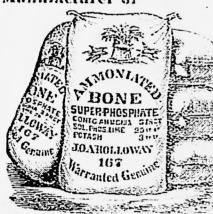

Were originated, and since 1861 a member of the late firm of J. J. TURNER & CO., (distolved 19th day of March, 1875) relying upon his experience and personal reputation, hitherto acquired in the uniform excellence of these FERTILIZERS as manufactured by him, offers them in his own name to the agricultural public.

Having secured the works of the old firm, 111 McElderry's Wharf, with the complete machinery, specially constructed for their uniform manipulation, he will continue the manufac-

"EXCELSIOR" AND AMMONIATED PHOSPHATE
On his own account, with his office adjoining the works, where he will be pleased to see his
friends and patrons, assuring them that the FERTLIRERS manufactured by him shall be
of the same uniform and high standard quality as sold by the old firms since their introduction.

## J. Q. A. HOLLOWAY, Originator and Manufacturer of

The above are the most concentrated FERTILIZERS ever offered to the Farmer-combining all the stimulating qualities of Peruvian Guaho and the ever-durable fertilizing properties of Bones, in fine, dry powder prepared expressly for drilling in with the Grain—and it is the universal opinion of many close calculating furners of Maryland and Virginia, after over twenty years' experience in the use of the Excelsior manufactured by me, that an application of 100 pounds is equal in its effects to 200 pounds of any other Fertilizer or Guano, therefore fully 50 per cent cheaper.

With my present advantages and superior facilities for Manufacturing, I challenge competition with any Fertilizer sold in the United States in Quality, Mechanical Condition and price. By strictly adherring to my Original Formulas, using only the most concentrated materials, and, superintending in person their manufacture,—as for the past twenty years,

UNIFORM QUALITY IS GUARANFEED.

Farmers to secure the ONLY GENUINE EXCELSIOR AND PHOSPHATE, prepared according to my original Formulas established in 1853, should see that every Bag is branded according to my original Formulas established in 1853, should see that every Bag is branded according to my original Formulas established in 1853, should see that every Bag is branded according to my original Formulas established in 1853, should see that every Bag is branded according to my original Formulas established in 1853, should see that every Bag is branded and December 107 McElderry's Wharf, Baltimore, MG. ### Chronic Allments.

The proper treatment of chronic cases of disease requires a thorough knowledge of physiology and pathology. Such knowledge is not attained by study alone but by years of experience. We have in this city a physician who has, during the last four or five years made many remarkable cures, and those treated say that for all forms of chronic disease no doctor in Baltimore is more competent and uniformly successful than Dr. UNDERWOOD, of No. 166 West Fayette street. He cures caucers without the use of the knife, and re-moves tumors by electriclysis. His electri-col instruments are of the latest improvement, in fact one he has had manufactured with some improvements according to his own de-vice. The doctor is a physician and a gentleman, and any one calling on him can depend on his judgment and skill,—From Saturday Leave for Rockville, Gaithersburg, German-Standard.
